

# NEW PLOTS TO WRECK TRAINS

## Mayor Holds Up Doherty's Salary

### TWO RUM-RUNNING SHIPS SEIZED

#### SCHOONER WITH \$200,000 WORTH OF SCOTCH WHISKEY ABOARD SEIZED

Captured Off Montauk Point—Excursion Steamer, Which is Alleged to Have Been Carrying Floating Bar, Taken Off Keansburg, N. J.

NEW YORK, Aug. 31.—The British three-masted schooner Gamma, with \$200,000 worth of Scotch whiskey aboard, and the excursion steamer Smithfield, which is alleged to have been carrying a floating bar, were seized by customs and prohibition authorities today.

The British schooner was captured off Montauk Point, and the Smithfield, which is owned by the Keansburg Steamship Co. of Keansburg, N. J., was taken over after she had discharged her passengers at the Battery, early today.

Thrills Provided

NEW YORK, Aug. 31.—Crews of two rum-running launches provided thrills for prohibition enforcement agents in New York harbor early today.

Agents of the customs house special service squad caught three bootleggers trying to get 10 cases of liquor off the French freighter Phoebe, and opened fire when they tried to escape in their launch. One of the rum-runners jumped overboard but was pulled in by his companions and the launch slipped away in the darkness.

The customs scout boat Newberry, following in the dark off Sandy Hook, flashed on her lights when the crew heard the chug-chug of a motor boat. Suddenly the boat burst into flames.

The Newberry put over a small boat and rescued William White and Steve Gillosky. The Newberry turned hoses on the burning craft, which later was found to contain 40 cases of liquor.

White and Gillosky were held on charges of rum-running, and White was accused by the customs agents of attempting to burn his boat in order to conceal the nature of her cargo.

#### FINAL VOTE ON BONUS BILL

Passage of Measure by Senate Today Appeared to Be Reasonably Certain

All Pending Amendments Disposed of and General Debate Began Last Night

WASHINGTON, Aug. 31.—A final vote on the soldiers' bonus bill before adjournment of the senate today, appeared to be reasonably certain. All pending amendments had been disposed of and general debate begun before the recess last night.

As far as leaders were advised only three or four senators planned to deliver prepared addresses, but there was likelihood of another general discussion which has featured each of the seven days the bill has been under consideration.

Passage of the measure was regarded as a foregone conclusion, but whether it would reach the statute books was conceded by friends and foes alike to be another question.

There still was no official word from the president, but callers who discussed the bill were told that he had given no indication of his attitude.

#### ROTARIANS AT NASHUA COUNTRY CLUB

The Nashua Country club, on the Lowell-Nashua boulevard was the objective of the majority of local Rotarians this afternoon, the occasion being an informal outing and get-together of the members of the organization for the first time this summer. It has been customary in former years for the Nashua Country club to conduct a series of golf outings, but this year proved an exception to the rule as no previous outing has been held. Today's affair, however, made up for lost time from the moment the members and their guests arrived at their destination. The trip over the highway was made in private automobiles, the grand assembly being held about 12.30, followed by a buffet luncheon. The principal attraction of the afternoon was a series of golf matches on the wonderful green of the country club. A dinner was scheduled for this evening with the usual speeches and entertainment intermingled. The committee in charge consisted of C. D. A. Thompson, chairman; Robert W. Thompson and Royal White.

NEW YORK CLEARINGS

NEW YORK, Aug. 31.—Exchange, \$13,500,000; balances, \$58,100,000.

#### Another Arrest in Bergen Murder Case

EDGEWATER, N. J., Aug. 31.—Charles Scullion, brother of Mrs. George Cline, whose husband is held for the murder of John Bergen, motion picture daredevil, was arrested by Bergen county authorities today on a charge of murder.

## Chicago Police Begin Roundup of Radicals Following Discovery of Plot to Dynamite Express

#### SOME TIPS ON COAL SITUATION

Interesting Statement Sent Out by Fuel Administrator for Massachusetts

Speculators Demanding \$4 to \$5 Per Ton More Than Hoover Schedule

Mr. Eugene C. Hultman, fuel administrator for Massachusetts, has addressed an interesting memorandum to wholesalers and retail coal dealers, and consumers of bituminous coal, a copy of which has been received at the headquarters of the local chamber of commerce. The pamphlet contains some very interesting and useful information regarding the impending coal crisis, reading in part as follows:

"Complaints have been made to the special commission on the necessities of life that speculators are demanding \$4 to \$5 per ton more than the so-called Hoover Maximum Fair Price for bituminous coal."

"The bituminous coal strike is settled, the production is now rapidly increasing. During the last few weeks, however, jobbers and speculators have been asking and securing exorbitant prices for bituminous coal. The commission desires to obtain more information regarding the impending coal crisis, reading in part as follows:

#### STATE POLICE OFFICERS LEAVE BILLERICA

Four of the 12 state police officers, who for the past few weeks have been stationed at North Billerica at a point near the Boston & Maine carshops, have gone to other parts of the state, so it was stated at the B. & M. strike headquarters this morning. Some of the men are doing duty on the Newburyport turnpike, while others are doing investigating work in connection with the recent murder at Kenwood, Dracut.

The state officers came to Billerica a few weeks ago and pitched their tents on land owned by a Mr. Kearney and located at close proximity to the carshops. At that time they informed

#### CHARGED WITH MURDER

Case of Lawrence Man Accused of Slaying Companion is Continued to Sept. 9

John Bedrosian, of Lawrence, against whom the charge of the murder of Jacob Sarkisian, also of Lawrence, was lodged on August 22, was arraigned in district court this morning, and the case was again continued to September 9. At the request of State Officer Sijak Smith Bedrosian has been at the East Cambridge jail and was brought to Lowell by state police officers this morning.

He is charged with the murder of Jacob Sarkisian in a blueberry patch in the old "nickel mine" in East Dracut, near the Methuen line, on the afternoon of August 16. At that time Bedrosian staggered into a farmhouse

JOHN BEDROSIAN

In that district, bleeding profusely from knife wounds in the neck and arm, and said that his fellow countryman had been killed and he himself attacked by a party of blueberry pickers. The body of the murdered man was found with his skull crushed in by a blunt rock.

Bedrosian was taken to St. John's hospital where he was held under guard while State Police Officer Sijak Smith investigated the case. The officer found that the injured man's story did not check up and a week later he was charged with the murder on a warrant sworn by Officer William Canale of the Dracut police. The case was continued until today and Bedrosian was remanded to the East Cambridge jail. Today the case was again continued to Sept. 9 and in the meantime, according to the police, it is expected that the man will be indicted by the grand jury.

#### THREE MEN ARE UNDER ARREST

Held in Connection With Alleged Plan to Blow Up Western Express

R. R. Detectives Posing as Strikers Said to Have Obtained Evidence of Plots

Disorders Reported From Many Districts—C. & A. R. R. Goes to Receivers

CHICAGO, Aug. 31.—(By the Associated Press).—Aroused by the disclosure of evidence of plots to wreck trains and the arrest of three men in connection with an alleged plan to dynamite the Western express on the New York Central lines, the police today prepared for a roundup of radicals.

Detectives today were attempting to link the plot attributed to the trio to wreck the Western express with the wrecking of a Michigan Central express near Gary, Ind., for which four men are charged with murder, as a result of the killing of the engineer and fireman.

Railroad detectives who represented themselves as strikers were said by the police to have obtained the first information concerning the alleged dynamite plots.

Today's Highlights

CHICAGO, Aug. 31.—Passing of the Chicago & Alton railroad into the hands of receivers, disclosure of new plots to wreck trains and several other attempts to cause derailments and blow up railroad property, were high lights today in the railroad strike.

Dynamite, bullets and Arabians played an important part in developments the last 24 hours.

An explosion of dynamite on the main line of the Cleveland, Cincinnati, Chicago & St. Louis railroad at Arlington Heights, a suburb of Cincinnati, derailed the tender of a working train. A passenger train had passed a few minutes before the explosion.

Virtual Martial Law

Police preparations at Algiers, a suburb of New Orleans, in effect amounted to martial law in efforts to check disorders which authorities characterized as virtual anarchy. Police reported almost constant firing in railroad districts and between 35 and 40

#### DOHERTY FIRES TWENTY-ONE MEN

Twenty-one men were discharged by Superintendent of Streets Harry P. Doherty this week, according to Mr. Doherty, they were not legally employed under the civil service rules.

The men were notified by the superintendent that they could not be used any longer until their civil service connections had been straightened out.

#### NOTICE BRICKLAYERS

Special meeting Friday, Sept. 1st, 8 p. m. Per order local 31.

## STREET SUPERINTENDENT'S SALARY FOR AUGUST IS HELD UP

Brown Says Doherty Was Not Properly Elected to the Office Which He Now Holds—Second Time That Mayor Has Canned Harry's Pay

The salary of Superintendent of Streets Harry P. Doherty for the month of August has been held up by Mayor George H. Brown. This is the second time within two months that the mayor has held up Mr. Doherty's salary.

When asked this morning the reason for his action the mayor said that it was the same as that of last month; that Doherty had not been properly elected by the board of public service to the office which he now holds.

It will be remembered that several weeks ago the mayor became engaged with the board of public service in a controversy which resulted in the mayor ousting Messrs. Murphy and Leary from the board. Their places were filled by the mayor, who appointed Messrs. Cloutier and Mackenzie. Immediately as soon as the new board met, Doherty was ousted as superintendent of the street department.

The disposal members of the board requested a hearing before the city council and both were refused. At a subsequent meeting Doherty was put back as superintendent of the street department.

The mayor contends that Doherty was simply told to go back to work and that he was not legally elected to the position.

When the payroll for the period in which Doherty was deposed came before the auditing and budget commission it recommended that the pay of Supt. Doherty be withheld. The mayor upheld the recommendation of the board and also held up Doherty's salary from the time that the board put him back to work.

It has been rumored that Supt. Doherty will bring suit for his pay with interest from the time it has been held up. When interrogated on the point this morning Supt. Doherty said that the question of pay wasn't worth his time at all and that he hadn't given the matter much consideration.

## TRYING TO TRACE CAUSE OF GAS ODORS

Are the noxious odors that have been arising from the sewers in the vicinity of Liberty Square caused by the gas plant in School street? This is the question that seems to be puzzling the board of health.

For years past the residents of Fletcher, Worthen and other streets in that vicinity have borne their burden in sort of a peaceful frame of mind. Now they are up in arms. They are through. They have had enough. Thoroughly aroused people of that section have taken a definite stand and intend to carry the alleged nuisance to every channel open to them.

If necessary the state board of health will be appealed to; residents are determined that something shall be done to do away with the sickening, smothering gas that has permeated their yards, living rooms and bedrooms.

## Irene Turned Down King of Spain

IRENE BORDONI

BY JOHN O'DONNELL.  
NEW YORK, Aug. 31.—"And then there was that little affair with the King of Spain."  
The interviewers gasped and rustled their copy paper nervously.  
Irene Bordoni lapsed into silence. Her gaze dropped modestly. Irene always did have that habit with her eyes. The effect is devastating.  
"Yes," she prompted heartlessly. "Mildly modestly must not stand in the way of international scandal."  
And now Irene glanced appealingly at her press agent.  
"Must she bare her soul?" those lambent orbs telegraphed. The press agent heartily assented.  
"You see, it all happened at Deauville," she began. It may be explained that Deauville is a Parisian Atlantic City entirely surrounded by Americans. Deauville and the Riviera are the two places where runaway couples go in the second act of English comedies.  
"Well, I was dancing in the Casino," Irene continued. Then, explaining: "You know, you can have a good time in those places if you go with your own crowd."  
We nodded.  
"Well, the King of Spain tried to cut in. I didn't want to dance with him. He said something in French. They say those things so much better in French, don't you think so?"  
"Of course, I couldn't think of dancing with every man who asked me. So I told him—""You told him?"  
"I told him he had the advantage of

me. Thought I'd freeze him a bit. Well, he said he was the King of Spain and had met me in Paris. I said nothing in that, of course. I can remember every man I ever met in Paris. That's all."  
"So I just told him I was particular whom I danced with and left him. That's all."  
The press agent nodded sadly. "Very regrettable affair. But you know these things—"

"a shrug finished the sentence. We nodded sympathetically.  
"Why the T.B. program on your center?" she asked heartily to change the embarrassing subject.  
"It means I Be Glad I Be Back," Miss Bordoni said wittily. Quite wittily.

## AMUSEMENT NOTES

**B. F. KEITH'S THEATRE**  
Tickets go on sale for the opening of the B. F. Keith theatre, at the box office this morning, at 5 o'clock, and will continue on sale until 6 o'clock this evening. There will unquestionably be a big demand for seats for this opening bill. The lineup of acts is exceptionally good. The theatre has been more thoroughly renovated than for several years past. The stage and boxes are most attractive while much new scenery has been painted.

## TIED STRAND

The Strand will show for three days, beginning with matinee today, a photoplay that will tie the nerves of spectators. It is one of the most thrilling adventure tales ever filmed and directed by a man who knows how to handle such exciting scenes of conflict and rapid action as are unfolded in this offering. It is "Gouverneur Morris," starring John Barrymore and Helen Hayes. The story is a tale of two rival sailing ships due for the South Seas in search of hidden treasure. A wholesome, refreshing tinge of humor brings relief from what otherwise might be rather a "heavy screen story." The love romance is also acceptable.

Fred Stone, the world's greatest entertainer, Viola Vale, formerly leading woman with Wm. S. Hart, and other stars. Josie Sedgwick, now a star in her own right, Chalky Brown, and others of equal skill in their special line, help to make "The Duke of Chimney Butte," one of the real film features of the summer season. See it.

## MERRIMACK SQUARE THEATRE

"The Bonded Woman," starring Betty Compson, opened its engagement at the Merrimack Square theatre this afternoon. It is a delightful story of the South Seas and has one of the most spectacular shipwreck scenes ever shown on the silver-sheet. "Red Hot Romance," an Anita Loos-John Emerson production, is the second feature. Next week is Paramount Week. The National Joy week for you and your family. Get your share of enjoyment.

Beginning Friday, Sept. 1st.

## LAWRENCE MILL STRIKE SETTLED

Methuen and Pemberton Mills Fall Into Line in Restoring Old Wage Scale

18,000 Operatives Expected to Be Back in Mills Early Next Month

LAWRENCE, Aug. 31.—The Lawrence textile strike yesterday became a thing of the past and virtual peace reigned between workers and employers for the first time since March 27. The two remaining mills which had still held out for lower wages, the Methuen and Pemberton, yesterday capitulated to the demands of the strikers and announced that on September 5 the wage scale in effect before March 27 would be restored.

The greater part of the 18,000 textile workers normally employed in the mills of this city are expected to be back at their places early in September, and already the wheels in several factories are in motion.

The first to accept the demands of the strikers were the Pacific mills, normally employing 3200 workers, and their offer, accepted by the United

Textile Workers, but tentatively refused by the One Big Union, was the only proposition made which did not announce without reservation a return to the old wage scale in all departments effective October 1 and retroactive to September 1, but with the reservation that the old scale could not be guaranteed after December 1 in the cotton department. All other offers were plainly for a return to the old scale. The second group of mills to move towards a settlement included the Acadia, Monmouth and Katonah group. These mills, normally employing 2500, resumed operations last Monday with about 40 per cent of their operatives at work at the old wage scale. They had been running in part all during the strike.

The Everett mills last Saturday announced they would reopen on September 5 at full time with the old wage scale. This was the only mill to promise returning workers full time. The mill had been closed since the third day of the strike. About 1500 are affected. The Smith & Dove mills in Andover, where there has been no strike, but where wages were reduced last March, have voluntarily announced a return to the old wage scale. They employ about 400 workers.

The Methuen and Pemberton mills, normally employing 250 and 800 workers, respectively, were the last of the cotton group to fall in line. They will resume operations on September 5.

The only exception to the peaceful settlement of the strike is at the Patchogue-Plymouth mills, which are not classed as textile plants, their products being largely fibre rugs. The average wage cut here last March was less than in the textile mills but most of the 100 employees have been on strike since the cut was announced. A meeting with representatives of this

plant and the officials of the United Textile Workers has been arranged for this week and it is expected that a settlement will be reached in line with other developments.

The Arlington mills, which normally employ about 7250 workers did not announce a wage cut, but closed down in March, giving as the reason lack of business. Since that time, however, the company has been gradually sending back the employees and it has been estimated that there are now 2500 workers at their tasks, largely in the dyeing and finishing departments, although some new work is being started.

Hearings on contempt of court charges brought by the Pacific mills against Ben Legard, president of the One Big Union and two of his assistants, were in progress before a master here yesterday. The Pacific mills alleged that the One Big Union leaders violated an injunction against interfering with workers at their mills. Observers here believed that the proceedings would be dropped and that the One Big Union would fall into line and return to work with numbers of other unions at the Pacific mills.

While peace again reigns in the city it has been pointed out that it will be some time before the city can recover from the fiscal effects of the strike. Thousands of dollars have been lost by both strikers and mills and many skilled workmen have taken up other pursuits, have left the city or have gone to visit friends in Europe.

## SHOES

Despite the rumors that plainer shoes are to be the vogue, one sees a number of fancy models with elaborate stitching and cut-out designs. The higher models are favored for fall.

## STATE CONVENTION OF U. S. TROOPS ON RHINE AMERICAN LEGION

NEW BEDFORD, Aug. 31.—The 1922 state convention of the American Legion, Department of Massachusetts, opened this morning at 10 o'clock in the high school auditorium. It was called to order by Department Commander Charles H. Cole of Boston. The department chaplain, Rev. George S. L. Connor of Pittsfield, offered the invocation, after which Mayor Walter H. Remington gave an address of welcome.

Delegates began arriving yesterday and by midnight the lobby of the New Bedford hotel, convention headquarters, was packed with incoming delegations. Delegates were held last night in Post No. 1, New Bedford, headquarters and in the Veterans Firemen's hall by Bristol, Norfolk, Essex, Worcester and Middlesex counties. Suffolk county met in caucus this morning.

Emilian Lukasevich, of Casimir Pulaski Post, Boston, was the first delegate to be registered, although delegates from Wilson Thompson Post, 184, of Agawam, arrived in the city first.

The Marblehead delegation is making a strenuous effort to capture the 1923 convention for that place. A clambake and band concert is scheduled for this afternoon.

## U. S. TROOPS ON RHINE

Government Reopens Inquiry Relative to Propriety of Keeping Men Over There

PARIS, Aug. 31.—(By the Associated Press) The American government through a channel quite apart from the American embassy in Paris, has reopened its inquiry as to the propriety of keeping American troops on the Rhine.

The present attitude of the French government is said to be one of indifference, while the German government has expressed a desire that the American garrison continue, being likely, the Germans believe, to exercise a calming influence on the Belgian, French and British forces of occupation.

The present attitude of the French government is said to be one of indifference, while the German government has expressed a desire that the American garrison continue, being likely, the Germans believe, to exercise a calming influence on the Belgian, French and British forces of occupation.

## Son's Fame Shades Renown of Father

JOHN HAYS HAMMOND—JR. AND SR.

Activity in the radio field has brought such marked success to a son, that his fame threatens to eclipse the worldwide renown of his father!

The son is John Hays Hammond, Jr. He is the inventor in the Hammond family. His father is the universally known mining engineer who has made a brilliant fortune from his many successful mining and other engineering projects.

Both have reached the realm of renown, but where one has seen his most glorious day, the other is still going on to greater heights. The elder Hammond is remembered for what he has done for the world. The son hopes still to achieve the one great thing that will put his name down as one of the most famous in scientific history.

Yet, at the age of 24, young Hammond has a list of nearly 250 inventions to his credit, many of which were considered epic-making at the time of their introduction to the world. In his studio in the tower of Madison Square Garden, New York, he has brought out designs and models of radio-controlled torpedoes, guns and ships which have caused radical improvements in our naval defense.

The elder Hammond was nearly 40 before he established his fame in the engineering field. It was not until 1890, at the age of 45, that he became associated with an important financial group in the United States, and made a marked success out of his hydro-electric enterprises, irrigation projects and mining activities.

The son was 22 when he was graduated from the Sheffield Scientific School at Yale with a B. S. degree and started immediately on his research work. The United States Coast Defense service now has exclusive rights to his torpedo which is controlled by wireless energy from coast fortifications.

The latest battleships of the United States navy have included in their construction an automotive system of torpedo firing, invented by young Hammond. Later ships will have a radio system by which not only torpedoes, but other ships, could be controlled.

### RADIO SECRECY IN 14 YEARS

By N. E. A. Service

NEW YORK, Aug. 31.—It took John Hays Hammond, Jr., 14 years to perfect his device which he says will permit secret radio communication.

Only after years of testing and research has he succeeded in producing an apparatus which has been found practical in tests by the war and navy departments and by officials of one of the largest American radio companies.

A bulletin issued by Hammond attributes these advantages to the invention:

1. It affords absolutely private communication, since no other station can pick up the private message, unless specially equipped.
2. It will allow a large number of

stations to communicate over a limited number of wave lengths.

3. Accidental interference from other stations is reduced.

4. Static troubles are diminished.

Any station trying to listen in on a message broadcast by the Hammond system, says the inventor, would receive only a jumble of sounds that could not be translated. Several code and phone conversations can be carried on at the same time through this instrument, and no interference is noticed.

### Radio Broadcasts

STATION WGI, MEDFORD HILLSIDE, 3.15 p. m.—Musical program.

6 p. m.—Market report; United States Bureau of Agriculture economics (485 meter).

6.30 p. m.—Boston police reports, early sport news, and other news.

7 p. m.—Story for children, Miss Eunice Randall; selections for children on phonograph; Public Health Broadcast, "Ancient Greek Games," Dr. Edwin A. Plummer.

8.10 p. m.—Planoforte recital, Leon Tumarkin, "Chromatic Fantasy" and "Fugue," "Scherzo," "Pavane," "Nocturne" (Liebestraum) No. 3, "The Lark," "Hungarian Rhapsody" No. 6.

STATION WJZ, SPRINGFIELD, 7.30 p. m.—Baseball scores and a story for the children.

7.45 p. m.—United States Government and State market reports.

8 p. m.—Baseball scores; piano selections, Oliver G. Snow.

10.55 p. m.—Arbitration time signals.

STATION WGY, SCHENECTADY, 7 p. m.—Produce and stock market quotations; baseball scores; news; results of races at Saratoga Springs.

7.45 p. m.—Cello solo, "Venetian Song," "Prelude," "The Pleasure," "Fantasia Impromptu," Harold Dagr; instrumental trio, "Adagio," Edward Rice, violinist, Ollie Yellu, pianist; Ernest Burleigh, cellist; soprano solo, "I Know a Lovely Garden," Anna Schulze; address, "Transatlantic Radio Stations," W. W. Brown; piano solo, "Gondoliers," Ollie Yellu; violin solo, "Mazurka," Edward Rice; soprano solo, "Reverie," Anna Schulze; instrumental trio, "Allegro," piano solo, "Country Dances," Ollie Yellu; soprano solo, "His Lullaby," Anna Schulze; violin solo, "Adagio from Septette," Edward Rice.

STATION WJZ, NEWARK, 4 p. m.—Scores by lineups of the American, National and International League games; fashion news; closing market reports; bonds, and stock, grain, coffee and sugar; musical program.

6.30 p. m.—Final reports and prices of farm products; official weather reports; shipping news; musical program.

7 p. m.—Final baseball scores of the American, National and International League games; story for children.

8 p. m.—Evening program.

10.55 p. m.—Arbitration time signals.

STATION KDKA, PITTSBURGH, 7 p. m.—Baseball scores, news.

7.35 p. m.—Market reports.

8 p. m.—Baseball scores; special address.

9 p. m.—Miss Josephine McCue, harpist; Miss Rebecca Hurling, soprano; and Miss Anna McIlrath, pianist.

10.55 p. m.—Arbitration time signals.

STATION KWW, CHICAGO, 3 p. m.—Baseball team lineups; program of games reported every half-hour thereafter until close of all games.

4.15 p. m.—News, market and stock reports.

6.30 p. m.—A story for children.

8 p. m.—Musical program.

9 p. m.—News and sports.

10.55 p. m.—Special features as announced by radiophone.

### OLD EMPLOYEES GET EXTRA MONTH'S PAY

None of the employees of the C. I. Hood Co. in this city will go to New York with the concern that has been over the business. The fact of the matter is, that none of them have been offered a position by the new owners and that is due to the fact that the new owners have a big staff of their own and do not require any more skilled help. The purchasers, the Warner Co., have taken over a number of proprietary medicines within the last few years and they are all looked after under the one general head.

That the new company has decided that the old employees of the old company here is evinced by the fact that they will receive an extra month's wages. The old employees realizing the fact that the new owners are under no obligation to them whatever, look upon the extra month's wages as a very generous act on the part of the Warner Co.

### TO SEIZE COTTAGES AT SEBAGO LAKE

PORTLAND, Me., Aug. 31.—Cottages and land on Indian Island at Sebago Lake, owned and occupied by William E. Williams and Florence Reed, his wife, Mrs. Lester Longman and Mrs. William Roselle of New York, well known in theatrical and motion picture circles, are to be taken over by right of eminent domain by the Portland water district.

Papers were filed yesterday with the county commissioners by officials of the district who deem it advisable to abolish the dwellings as a protection of the water supply for Portland and surrounding towns. The cottages are within three-quarters of a mile of the intake of the water mains.

The action follows closely a test case instituted by Williams who was arrested recently when he was alleged to have ignored an inspector's request not to swim near his cottage. Nothing in the lake within two miles of the intake is prohibited by state laws. He appealed when fined \$20 and costs in the municipal court here, taking the case to the superior court which meets next Tuesday.

### POSTMASTER IS UNDER ARREST

BOSTON, Aug. 31.—Charged with embezzling \$3249.81 of government money, George Kruse, postmaster at Williamsville, was arrested yesterday afternoon on a federal warrant sworn out by Post Office Inspector Carl Nor and arrested before United States Commissioner Hays. He waived examination and was held for the federal grand jury in \$2000 bail.

Kruse was accompanied to the Federal building by his father-in-law, A. S. Shattuck, a large property owner of Williamsville, who went on his bond. It is said Kruse until recently ran the Williamsville post office in connection with a general store which he owned in the town.

"This man knows nothing about this matter," declared Kruse's father-in-law in a post reported after the court law to a reporter after the court

### SHOTS FIRED IN CHASE NURSE HELD FOR MURDER OF DR. RANDALL

Woman and Three Men Who Attempted Hold-up Escape in New York

NEW YORK, Aug. 31.—A woman and three men who attempted to hold up an employe of an ice plant in the Bronx, early today, leaped into a waiting automobile when a policeman appeared and escaped after a chase of 12 blocks over a four-up street. Pursuing bluecoats fired five shots. The quartet abandoned their car as patrolmen in a commandeered taxicab drew near, and disappeared down a side street.

### 31 SURVIVORS FROM CHILEAN STEAMER

SANTIAGO, Chile, Aug. 31.—Advices from Valparaiso state that the Chilean steamship America has picked up 30 more survivors of the wreck of the steamer Hata, which sank Monday off the coast near Coquimbo. This brings the total known to have been saved to 31.

### SEEK COMPROMISE ON MORATORIUM

PARIS, Aug. 31. (By the Associated Press).—There was still some slight possibility, but no probability of some compromise between the two sides of the moratorium for Germany as the reparations commission gathered for today's meeting.

The commissioners are prepared to make further efforts for an agreement and even the American observer with the commission, Col. James A. Logan, Jr., is contributing toward the movement, according to L'Ouvre.

### CHARGE CONTRACT LABOR IN MILLS

MANCHESTER, N. H., Aug. 31.—Federal investigators from the immigration office at Washington will arrive in Manchester soon, as the result of charges preferred by textile strikers that the Amoskeag Manufacturing company is employing contract labor from Canada, union chiefs said yesterday.

### TUBE TRAINS COLLIDE 20 PERSONS INJURED

JERSEY CITY, N. J., Aug. 31.—Twenty persons were reported injured today in a rear end collision between two tube trains of the Manhattan & Hudson railroad. The accident occurred between Manhattan Transfer and Summit avenue station. The injured were brought on roller trains to this city where they were conveyed in ambulances to hospitals.

### MASS HAND ORGANIZED

The Massachusetts mills have organized a brass band with 25 members, under the leadership of Leo Champagny. Several of the musicians have had professional experience in band work and they are now connected with musical organizations.

### EXPERIENCED LADY READERS on Shoppers Wanted at Once. Apply after 6 p. m. at 21 Caroline st.

### EXPERIENCED FISHERMAN Wanted to take charge of department. Give details and experience and salary expected in first letter. 1-7, Sun Office.

### BANK DEPOSITS SHOW INCREASE

BOSTON, Aug. 31.—Deposits in mutual savings banks of Massachusetts have increased \$50,000,000 during the last eight months, according to figures made public by the Savings Banks association yesterday. The greatest percentage of increase goes to the banks of Middlesex county, those banks increasing six per cent, as compared with an average increase throughout the state of four per cent.

### SEN. JOHNSON WINS BY 65,000 VOTES

SAN FRANCISCO, Aug. 31.—Hiram Johnson today was assured of the republican renomination for the United States senate by a margin of more than 65,000 votes. On the face of the latest returns, the vote in 5751 of 6695 precincts stood: Johnson, 273,762; C. C. Moore, 208,098.

### GIRL KILLS HERSELF

Ended Life With Pistol of Her Sweetheart, a Brooklyn Policeman

NEW YORK, Aug. 31.—Miss Bertha Froelich, 24, a seamstress, killed herself early today with the pistol of her sweetheart, William Herman, a Brooklyn policeman. The lived with Herman's family and the police were told she took the pistol from a bureau drawer while Herman was away.

Members of the family said she had not worked for several months and was despondent because of a chronic illness. She went to live with the Hermans after a disagreement with her stepfather.

## Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no sight so black.

Save them then. Use every precaution. Take no chance.

When sickness comes, as sickness will, remember it's just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use.

Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety, as any doctor will tell you. Keep it in the house.

## Children Cry For Fletcher's

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy? why you must insist on Fletcher's? For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

THE CENTAUR COMPANY, NEW YORK CITY.

# "Sailor Jack" Is Sure That the Woman Will Come Some Day

THE CABIN WHERE "SAILOR JACK" HOPES TO INSTALL HIS BRIDE, AND (INSET) "SAILOR JACK"

By PHILIP J. SINNOTT  
MARSHFIELD, Ore., Aug. 31.—Through the long years "Sailor Jack," the mystery man of Oregon, has waited in his lonely cabin in the hills near here for the coming of a bride. Forty years of seclusion, hidden from his fellow men in a pine shack, high up in the hills surrounding Marshfield with his sole companions an old rooster and three scrawny cows, has not shattered his dreams of romance and marriage. "Sailor Jack," now more than 50 years old, will have to offer "her" a bridal chamber kept in readiness for nearly half a century. The boudoir looks the same as when he first came here, with its faded red curtains, its old-fashioned furniture, its small bedstead, its chest of drawers, hewed from the

majestic firs of his hills, a bed from the same firs and a redwood washstand composed the furniture, except for one clumsy cedar chair. The backyard is filled with firs and redwoods. He has more than 200 feet straight from the back door. The bride's view from her front window will be down a cliff a thousand feet high, and on either side will be still more towering trees. So sure is "Sailor Jack" that she will come that each morning he wends his way down the narrow path through the trees to the logging road (his only connecting link with civilization) to meet her. He has made the daily trips for 40 years—over since he deserted a bride at the church door in the little settlement where the bride whom he left waiting with him disappeared into foreign countries. A year afterward he returned and cleared a narrow patch among the trees. He built a shack of four rooms, more than enough for his simple wants, but he was counting on the future and a life. He saw his abandoned bride often. He pleaded forgiveness. It was never given. But still "Sailor Jack" dreams of a bride, perhaps the one he deserted, perhaps another. For, he says, a man who has lived all his life in the open is never too old to marry.

## PROGRAM AT HOWE STREET PLAYGROUND

The closing exercises at the Howe street evening playground were held Tuesday evening between the hours of 6:30 and 8. The program was as follows:

Song, "We're Going to Shine Tonight."

Assembly

a. Basketball Relay, Older Girls

b. Automobile Relay, Younger Girls

Pie Race, Older Boys

b. Potato Race, Younger Boys

Community Singing, "Star Spangled Banner"

Prizes were awarded to the winners of the games and races.

## AUTOMATIC SPRINKLER DID GOOD WORK

The automatic sprinkler in the establishment of the Durrin Press, Shattuck street, did just what it was expected to do last evening when it extinguished a blaze which threatened to do considerable damage to the plant. The blaze was discovered by Joseph LaChapelle of 95 Paige street shortly after 7 o'clock and he rang in an alarm from box 13, but before the firemen reached the premises the sprinkler went off and a heavy curtain of water put out the fire. The damage to the Durrin plant was not great, but the Willard storage battery underneath the printing establishment suffered considerably from the water, which leaked through the floor, and which is believed to have rendered many of the batteries useless.

TROITZKY'S WIFE

At first glance one might think this a photo of a modern napper, but she's the wife of Leon Troitzky, Russian leader. It was taken at the palace in Petrograd.

## MISS ECKLUND HONORED

The home of Mr. and Mrs. Einar V. Ecklund, 22 Kensington road, was the scene of a merry gathering Monday evening when their daughter, Miss Grace M. Ecklund, who is soon to become the bride of Mr. Edward Fark, was pleasantly remembered by about twenty of her friends. Miss Margaret K. Tobin in a neat little speech in behalf of friends in general presented the fair bride-to-be. The success of the affair was due to the untiring efforts of Miss Margaret K. Tobin and Miss Nellie E. Keville.

## GREEK PAROCHIAL SCHOOL

The Greek parochial school in Worth street will open its doors for the fall term next Monday. The children will be assisted to their classrooms by the parents who will be given an opportunity to inspect the school and then, adjournment will be taken. Following Wednesday at which time the teachers and pupils will get right down to real work. The school will be in charge of Father Soule and Mrs. Gailena Soule.

## WILL SELL HOUSES AT PUBLIC AUCTION

At a special meeting of the park board held yesterday afternoon, it was decided to auction off the houses on the land acquired in First street, said land to be used for park purposes. Three or four houses will go under the auctioneer's hammer. No one would come forward with an offer for them, so they must be sold at auction. Superintendent Korman called for sealed bids on the buildings. At 4 o'clock, the time at which the bids were to be opened, none had been received.

Commissioner Rountree moved that the buildings be sold at auction on the afternoon of September 7 at 2 o'clock. He also added that the work should be done by Walter Guyette. Commissioner McKay proposed the name of Thomas Kelley as auctioneer. Mr. Rountree insisted upon Mr. Guyette. On a vote the result was one for each. Commissioner Guyette, who was acting chairman, voted with Mr. Rountree and Mr. Guyette was chosen.

The city solicitor presented certain votes asking for power to notify owners of lands and buildings recently acquired. The votes were passed without opposition.

Secretary Rountree was also authorized to send out letters to property owners whose places have been seized recently notifying them of the amount of money that will be paid for each place. The following will receive letters: John H. Davis, 444 Stevens street, \$1400; Sarah A. Harrison, 422

Stevens street, \$550; Daniel C. Donovan, 426 Stevens, \$500; John Conway, 21 First street, \$150; Martin J. Hart, 265 Merrimack street, \$10,137.50; Malvina Strauss, 810 Chalmers street, \$800; Frieda Nannay, 330 Fletcher street, \$1200; Edward L. Childs, 256 Gibson street, \$1150; Harry F. McGuire, 42 Varney street, \$700; George A. Hyam, 87 Central street, \$2400; Lucien C. Holmes, 215 Parker street, \$700.

## DRAWING CONTEST

The drawing contest organized recently in connection with the field day of St. Andrew's parish of North Billerica, was brought to a close last evening, the winners of the various prizes being as follows: \$150 radio set, Miss Mary McMillen, North Billerica; picture, Mrs. E. Condon; electric lamp, Miss Josephine Dunn; electric iron, Frank Higgins; vase, Miss Mary K. Harrington; rosary, Mrs. C. J. Nugent; pair of blankets, Mrs. Josephine Hannan; quilted lamp, James J. Campbell; \$5 gold piece, Miss Margaret Nugent, North Billerica; silk umbrella, John J. Jordan.

## REGISTRATION IN WESTFORD

The last opportunity for voters of Westford to register for the state primaries will be on Saturday when the registrars will hold a continuous session from 12 m. to 5:30 p. m. in the Centra stables. Tomorrow registration will be held at Grantville. For the first time in its history Westford will this year have precinct voting.

## FUEL ADMINISTRATOR

Herbert H. White of High street, Chalmersford has been appointed fuel administrator for the town of Chalmersford by State Fuel Administrator James Storow. Mr. White will succeed Paul Dutton, who has declined to serve.

## MIDDLESEX NORTH POMONA GRANGE

The first meeting of the season for members of Middlesex North Pomona grange will be held tomorrow in Odd Fellows hall, Bridge street, and it is expected that members from this city and neighboring towns will be in attendance. The grange meeting will open at 10:45 o'clock and will be of a business nature. At noon dinner will be served and in the afternoon Dudley Page will give a lecture on "Alaska" while there will be entertainment numbers by Mrs. Percy J. Wilson, soprano, and Miss Virginia Hyam, reader.

## BACHELOR PARTY

An enjoyable bachelor party was tendered to Thomas Delmore at Cole's last night by a group of friends. Mr. Delmore is soon to marry Miss Alice M. Dacey, daughter of Mr. and Mrs. James Dacey of Andover street. In 1853 and 1854.

## BROTHER AND SISTER REUNITED

After a separation of 32 years, Mr. Patrick Ryan of Brooklyn, N. Y., and veteran of the Spanish-American war, is visiting his sister, Mrs. William J. Condon of Sixth street. During all these years Mrs. Condon believed her brother dead as his name was published in the list of those reported killed in action during the Spanish-American war. Only recently across his brother, Edward, in New York. Mrs. Condon had six brothers, four of whom she supposed were dead.

## FOR MEMORIAL HALL

Mrs. Hattie P. Morse of 16 Wright street has donated to the Memorial hall collection a diary kept by her grandfather, David S. Clark, engineer on the U.S.S. Tennessee during the Civil war. The diary contains a very full and interesting account of the work done by Mrs. Clark during the war. In 1853 and 1854.

# CERTO

The Key to Perfect Jams and Jellies

Anyone can now make any kind of jam or jelly from fresh or canned fruits, and all kinds of bottled fruit juices.

No previous experience is necessary.

The Certo Short Process is simple, quick and sure. You can transform a bottle of grape or other fruit juice into perfect jelly in 10 minutes.

Unlike the old long-boiling method, the Certo Short Process preserves the original color and flavor of full ripe fruit.

Certo makes one-half more jam or jelly from same quantity of fruit because no juice is boiled away.

Used by experts and housewives everywhere. Get a bottle from your grocer with free Recipe Book or write for extra copies to

Pectin Sales Co., Inc.  
360 East Avenue, Rochester, N. Y.

## U. S. ULTIMATUM BRINGS CRISIS

**Zayas Government in Cuba Given Ten Days in Which to Act on Program**

**Program Submitted by Gen. Crowder Calls for Enactment of Five Laws**

HAVANA, Cuba, Aug. 31.—The Zayas administration today was faced with a crisis following the receipt of

an ultimatum yesterday from Major General Crowder, representative of the United States, giving the government ten days in which to act on the legislative program submitted by him and approved by Secretary of State Hughes.

The program calls for the enactment of five laws providing for the reform of the government's accounting system, suspension in part of the civil service law, the clearing up of current indebtedness, judicial reforms and the notation of a foreign loan.

Gen. Crowder after months of waiting, has threatened to return to the United States and report to the state department unless there is some action within the specified time.

Gen. Crowder made no threat of intervention in delivering his ultimatum, but it was the cause of hurried conferences between President Zayas and congressional leaders, and the house of representatives declared itself in permanent session for the purpose of enacting the laws, which action has been repeatedly requested in presidential messages.

## Coal Miners Back on Jobs

**Continued**

made complete yesterday when the lone remaining producer—the Pittsburgh Coal Co.—accepted the Cleveland agreement.

**To End Hard Coal Strike**

PHILADELPHIA, Aug. 31.—Settlement of the anthracite strike within 24 hours was forecast today by men in close touch with both sides. Operators were in a secret conference at the Ritz Carlton hotel early today. It was declared, while across the street at the Bellevue-Stratford John L. Lewis, international president of the United Mine Workers and other union leaders were gathered. The hard coal mines will have been idle five months tomorrow.

**Tipple of Mine Damaged**

PITTSBURGH, Aug. 31.—The tipple of the Schenck mine near Oakmont destroyed by a dynamite explosion

early today with an estimated loss of \$1500. About the same time the tipple at the mine of A. L. Samson, not far away, was damaged by a similar explosion. The mines were reported as wagon mines operating on a non-union basis.

## State Police Officers Leave

**Continued**

the strikers that they were in the town to protect all interests. It is said that the officers have two or three automobiles at their disposal and they are having a great time riding around the town.

Wives, daughters and lady friends of the strikers, who will be at leisure next Saturday and who would like to lend their assistance to the strike committee, are requested to report to Walter H. Chandler, chairman of the committee, in room 19, Odd Fellows building, Middlesex street, tomorrow. The women will not be asked to go on the picket line, but they will be requested to get busy on tag day, which will be conducted in this city and Billerica Saturday. The committee is in need of several hundred active young women and they hope the response to their appeal will be satisfactory.

Twenty thousand tags bearing the inscription "Tag Day Benefit of R. & M. Strikers," have been received at headquarters and today a large crew of men were kept busy putting them in shape. These tags will be placed on sale on the various streets of this city and Billerica Saturday morning and the sale will be conducted until late in the evening. The price per tag will be what one can afford to give and the proceeds of the day will go towards swelling the strike benefit fund.

## No More Amesite

**Continued**

foreman on the work and that this expert shall be paid by the city. It is possible that the expert has not been paid yet, but that a bill for his services will be rendered after the work has been completed.

Yesterday the mayor released a check of \$107.20 to the trustees of the Amesite company who are located in New Britain, Conn. This morning Supt. Doherty wrote a letter to the Hartford Construction company from which the deliveries have been coming, advising it that the check had been sent. In the letter he stated that the last shipment of Amesite had been received here on Friday, Aug. 26. He also ordered the company to ship seven carloads per week.

According to Supt. Doherty, the contract with the Amesite company was entered into some time last June and that it had been approved by both the mayor and the board of public service. He stated that work had been started on Westford street on July 7 and since that time had been completed.

The remainder of the Amesite contracted for was to be used on Broadway which is now under construction. Doherty said that the contract called for a payment on August 16 of all Amesite delivered up to the first of August. He said that until yesterday the check had been held up by the mayor and that the company's action in threatening to withhold shipments followed. He said the two experts had been idle for several days owing to the difficulty, and further stated that one of them was receiving \$10 per day and the other \$20 per day.

The mayor also said that he could see no reason why the experts should be retained any longer as by this time

the city's men should have become familiar enough with the laying of the asphalt to do the work themselves.

Regarding the delay in shipments the mayor pointed out that the congestion in the railroads might contribute to the delay. He immediately got in touch with local freight officials and was unable to trace the last shipment and to find out whether or not it had been delayed.

## Trying to Trace Gas Odors

**Continued**

The local board of health has been drawn into the matter and is attempting to discover just what causes the smell. Agent Francis J. O'Hare will bring the matter before the local health board at its next regular meeting.

Yesterday Agent O'Hare and Inspector Connors conducted a tour of the gas plant, brought back samples of sewage and followed the sewer from West Main avenue through the entire district that is complaining. Agent O'Hare this morning exhibited a sample of the water taken just after it had left the filtration beds of the gas company's plant. It smelled strongly of gas. Agent O'Hare said that he had inspected the entire plant of the gas company and found that the filtration system was working properly. In accordance with the mayor's wishes he made a verbal report of the entire affair.

He said today that he was not positive that the smell was the result of the gas plant. He pointed out that the trunk sewer which started at Western avenue and continued down through Fletcher, Suffolk, Moody and Cabot streets to the Alken street bridge where it dumped into the Merrimack collected the sewage from many different manufacturing plants and that it was possible that something was being dumped in from other plants that caused the odors to arise.

Man holes and catch basins were all inspected in an effort to discover the origin of the gas. Nothing was left undone by the investigators on their trip to locate the source of the gas.

But the residents of Liberty Square point out that investigations avail them little. What they want is the elimination of the smell. One woman stated that the smell was worse in wet weather than it was in dry. She said that last Sunday two of her children were made sick by the odor and that windows and doors were kept closed. In times past, she said that the smell had been bad but of late it was getting worse instead of better.

This woman claimed that families had to live in the section and that they were entitled to ordinary consideration and what was detrimental to their health should be immediately rectified. "I do not want to cause too much trouble or to put the city to any unnecessary expense, but it does seem something could be done to take away this sickening smell. I know of one or two of my neighbors who are extremely riled up over the affair and they are going to insist that something is done."

## SIX INJURED

**Cylinder Head Blew Out of Hydraulic Press**

ARLINGTON, N. J., Aug. 31.—Six persons were injured, one probably fatally, early today when a cylinder head blew out of a hydraulic press at P. I. DePont Demours & Co., plant here. William Campbell of Belleville, who operated the press, was the most seriously injured.

## DRAMA MART IN FOR PROSPEROUS SEASON

NEW YORK, Aug. 30.—The theatrical slump is mostly ended and the drama mart is in for a prosperous season, according to leading theatrical managers along Broadway. All agreed that the drop of the price scale to pre-war \$250 standard from \$1 and \$5, was an important factor in bringing back the public to the theatre.

Many houses show an increase in business of from 15 to 20 per cent. over the same pre-season purchases of last year while seats for opening nights

in many theatres are sold out, a thing impossible to do last season.

## NEW RECRUITS FOR THE NAVY

Four young men, three from Lowell and one from Boston, enlisted in the navy at the local recruiting station in the Fairburn building yesterday, and they left today for their posts of duty. Two, who are former army men, were ordered to Boston, while the other pair went to Newport, R. I. The new recruits are O. J. Flanagan, of 12 Beaver street, Lowell, and E. J. Pennequin, of 841 Moody street, Lowell, ex-army men, and P. Crehan of 52 Fruit street, Lowell, and J. J. Burns of 107 Arlington street, Lawrence.

## Accept Compromise on Moratorium

PARIS, Aug. 31.—(By the Associated Press)—The allied reparations commission has decided to accept the Belgian compromise on the German moratorium proposition as a solution of the present crisis, it was learned this afternoon. A formal vote will be taken before the day is over, it was stated. The British, Italian and Belgian members are declared unequivocally to favor this settlement. The attitude of M. Dubois, the French member, was not definitely known when the early afternoon session of the commission adjourned.

## Six British Warships Ordered Scrapped

LONDON, Aug. 31.—(By the Associated Press)—In accordance with the Washington naval agreement the Admiralty has ordered six large capital ships scrapped. They are the battle cruisers Lion and Princess Royal, and the battleships Orion, Monarch, Conqueror and Erin, all among the most famous warships in the British navy.

## Tom Sims Says

A motorist tells us he has been out touring the country.

Some think the tariff protects everything except prosperity.

The Chinese war is over and now they wonder what it was over.

If health is wealth, a hay fever victim is almost broke.

Irene Castle dislocated her collar bone. That reminds us, football will be back soon.

The man of the hour in Ireland is lucky if he lasts that long.

Tennessee carries women's rights too far. A Chattanooga rooster hatched out some eggs.

One man tells us his girl is worth her weight in coal.

In San Francisco a woman wants to buy a newspaper artist from his wife, who can't support him.

Fault is so easily found the hunting isn't worth while.

Some towns have all the luck. Kansas City rents are being cut.

In the ark they had two of everything except fly swatters.

A bank clerk has a tough job. He has to settle back down to work after every holiday.

Beauty secret: A cake of soap mixed with water will do wonders.

Burbank has perfected a pure white peach. It is excellent for eating in a white shirt.

First sign of fall is the story about squirrels storing golf balls thinking they are nuts.

Dust clouds are being seen on Mars. It may be an election.

Italy has hired an American rain-maker who may turn out to be only an American money maker.

Georgia woman received a letter written nine years ago. It was probably given to some husband to mail.

The wisest thing many a rich man's son has ever done was when he chose his parents.

IMPROVING THE HAIR  
For improving the general condition of the hair the bob is said to be the most beneficial thing. Many women who do not care for bobbed hair are having their hair cut shoulder length just long enough to do up under a net. Beauty specialists also recommend sun baths and letting the hair hang as much as possible.

ERMINE AND MONKEY  
Ermine and monkey fur is an odd combination noted in the fur displays. The ermine makes the body of the three-quarters length coat, and the monkey fur makes the collar and cuffs.

ASPIRIN

Insist on Bayer Package

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for

Colds Headache  
Toothache Lumbago  
Earache Rheumatism

COAL PROFITEERING

Investigation by Dept. of Justice Agents in Boston—Families May Go South

BOSTON, Aug. 31.—Department of justice agents in this city, it became known yesterday, have for a week been quietly working among the men of the coal trade and have accumulated evidence regarding costs of coal to dealers, costs of transportation, delivery and overhead charges, profits obtained, and quantities and the character of the coal on hand.

This activity is believed to be connected with Atty. Gen. Daugherty's investigation regarding possible profiteering.

## COAL PROFITEERING

Investigation by Dept. of Justice Agents in Boston—Families May Go South

BOSTON, Aug. 31.—Department of justice agents in this city, it became known yesterday, have for a week been quietly working among the men of the coal trade and have accumulated evidence regarding costs of coal to dealers, costs of transportation, delivery and overhead charges, profits obtained, and quantities and the character of the coal on hand.

This activity is believed to be connected with Atty. Gen. Daugherty's investigation regarding possible profiteering.

As rapidly as possible all the information is compiled for submission to the federal prosecuting attorneys.

It has been ascertained that some dealers are charging from \$3 to \$5 a ton more than the Hoover "fair price."

Coke Prices Investigated

Prices of coke also are given consideration. One big concern which makes what it claims is a superior coke has always charged about \$2 a ton more for its product than the gas companies charge for theirs.

Efforts have been made to induce the public utilities commission to use its powers to prevent gas companies charging exorbitant prices for coke.

It is estimated that a big independent company which sells its product to other companies and not direct to the people is boosting the price of its coke on the plea that the price of anthracite coal has gone up, while in a matter of fact, it is claimed, it manufactures its gas from bituminous coal.

Householders are being urged today to buy coke and not anthracite coal to be used together. It is claimed that a fire in a heater built on a base of coke, topped off with anthracite coal, is as good, if not more lasting, than a straight anthracite coal fire.

Efforts of the fuel administrators at present are directed chiefly to securing a supply of fuel, and it is planned, after a supply has been obtained or has started, to begin operations to bring the prices down.

May Send Their Families to Florida

Numbers of householders have informed members of the fuel committee it was learned yesterday, that they will close their houses for the winter rather than pay the high prices for the interior fuel to be had.

Word has come that some will send their women folk to southern climes this winter and themselves live in furnished rooms in logging-houses and board in lunchrooms until the emergency has passed.

Some of these men say the price of a winter's supply of fuel under present conditions will be sufficient to defray the expenses of the women of a household on a trip to Florida.

The matter of securing living quarters in Florida has been solved. It is said, by the annual custom of thousands who camp out in tents in Florida all winter.

Members of fuel committee declare this spirit of the people will soon win the fight against the coal profiteers.

GOOD STOVE LINING

MOTOR CAMERA

A camera operated with a small motor is now used to take movies from airplanes. The operator can hold the camera steadier than one cranked by hand. Frank Morris, air daredevil, is shown with it.

WILLERHOUS TAX RATE

The assessors of Willerhoys yesterday announced the tax rate for the town for the year 1922 as \$30 per thousand, an increase of \$1 per thousand over last year's rate. The increase, it is said, is due to larger appropriations at the annual town meeting and at a special meeting held recently.

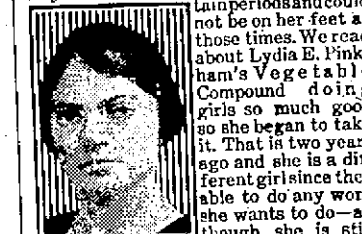

## How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using this new form of the famous Marmola Prescription Tablets several times a year, keeps her weight just right. All good druggists sell Marmola Prescription Tablets at one dollar for a case, or if your prefer you can secure them direct from the Marmola Co., 412 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.—Adv.

## GIRL NOW WELL AND STRONG

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio.—"My daughter always had backache and leg-ache at certain periods and could not be on her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound and doing girls so much good so she began to take it. That is two years ago and she is a different girl since then able to do any work she wants to do—although she is still careful not to do heavy work—and so well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial."—Mrs. A. M. Burkholder, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely. Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Burkholder's daughter.

MOTHERS—it is worthy of your confidence.

VELVET PROCKES

Draped velvet frocks increase in number as the season advances. This year's velvet is so soft and supple that it is the ideal material for draping into the fashionable lines of the present.

HARMONY

Drooping hats are most appropriate for wear with the long draped gowns. They are becoming and picturesque and bring a gown into correct harmony with one's figure.

**Alleged Slayer Attacked By Crowd**

PORTLAND, Me., Aug. 31.—Ernesto Vosali was attacked today while being taken across a lane from the police station to the municipal court in the basement of the county building for arraignment on the charge of murder for the killing of Mrs. Rose A. Galli, yesterday. With cries of "Kill him! Lynch him!" more than a score of men led by a man said to have been a relative of the young woman, broke from a crowd of 250 persons held back by police lines and rushed toward him. The leader who was arrested after a struggle with the police, was alleged to have hurled himself upon the handcuffed prisoner.

**Simultaneous Reduction of Armaments**

GENEVA, Aug. 31.—(By the Associated Press)—Lord Robert Cecil's plan for regional agreements for continental pacts for mutual guarantees of security and simultaneous reduction of armaments was approved today by the League of Nations' sub-committee which has been considering the armaments question in preparation for the meeting of the assembly of the league to begin next week. Probable adoption of this plan by the full committee is forecast.

**CIVILIAN GREEKS FEAR MASSACRE**

Those in District Invaded by Turkish Nationalists Following Greek Army

Turkish Reports Indicate Heavy Fighting Around Afium Karahissar

SMYRNA, Aug. 31.—(By the Associated Press) Reports from the Greek battle front late last night were to the effect that there was little change in the positions of the contending forces. The civilian Greeks and Armenians in the district invaded by the Turkish Nationalists are following the Greek army, fearing a massacre. It is reported that Christian refugees caught in the way have been slain by the Turks.

Heavy Fighting CONSTANTINOPLE, Aug. 31.—(By the Associated Press) The first two communications issued by the Turkish Nationalists on the battle fronting around Afium Karahissar indicate that the fighting was extremely heavy. The Turks do not give the number of Greeks taken prisoner, but say they captured considerable booty. The fall of Afium Karahissar, although a serious loss to the Greeks in view of the fact that it was a railway junction, does not involve the evacuation of Eski-Shehr.

The capture of Eski-Shehr, principal stronghold of the Greeks on the Nationalist fighting front, was reported yesterday in a dispatch quoting official circles. Smyrna Nationalist attack, along with intensive fighting continued south of the Afium Karahissar railway, the Greeks, although greatly outnumbered, offered stubborn resistance to the massed attacks of the Turks.

**Greeks Plan New Attacks**

SMYRNA, Aug. 31, 9:10 a. m.—(By the Associated Press) The Greek army in Asia Minor, which has been falling back before the force of the Turkish Nationalist attack, along with intensive fighting continued south of the Afium Karahissar railway, the Greeks, although greatly outnumbered, offered stubborn resistance to the massed attacks of the Turks.

**Fire Out in Gold Mine**

Grim Workers Continue Work in Hope of Releasing Imprisoned Miners

JACKSON, Cal., Aug. 31.—(By the Associated Press)—Fire in the shaft of the Argonaut gold mine in the lowest reaches of which 47 miners have been imprisoned since Sunday is out, but that fact brought no nearer hope for releasing the men alive. Rescue teams still battle furiously today to open up three routes of escape from the pitch black, smoke choked underground mine drifts to the sunlight and open air where tortured lungs might drink deep of fresh breezes.

Two were through passages which workers are endeavoring to cut from the Kennedy, an adjoining mine, while the third was through the shaft of the Argonaut itself. Announcement that the flames were subdued added hope to the gray-faced groups who wait in shifts at the entrance of the pit and gave new strength to the grim workers battering at the rock walls in subterranean passages.

**KITE-FLYING CONTEST**

The kite-flying contest and the girls' track meet, post-season playground events will be held Friday afternoon at Shedd park, according to Arthur Sullivan, supervisor.

If you want to buy, sell, rent or exchange anything, try a Sun classified adv.

**Final Vote on Bonus Bill**

Continued

ed the subject with him yesterday said they gained the impression that the addition of the land reclamation fund to the provision for the payment of the bonus out of the interest on the foreign debt had made the bill even more objectionable than it was in its original form.

**Says Obligations Met**

Again yesterday the possibilities of a veto ran through senate debate. Senator McCumber, republican, North Dakota, in charge of the measure, contended that as reported, the proposed legislation met the objections heretofore expressed publicly by the president. He added, however, that he did not know what new objections might present themselves.

Senator Dwyer, republican, Idaho, an opponent of the bonus, disagreed with Mr. McCumber and referred particularly to Mr. Harding's request for postponement until industrial and financial conditions had reached a more normal state and his disapproval of "piecemeal" payments.

All proposed changes were rejected by decisive majorities, first the Bureau amendment to pay the veterans a half cash immediately and the remainder in five years was voted down, 41 to 27. Then, without a rollcall, the Smoot proposal to pay the bonus with a manufacturers' sales tax was disagreed to.

Senator Smoot argued at length in favor of his plan to give each veteran a paid-up life insurance policy, maturing in 20 years or sooner or at death, but this was rejected, 46 to 15. Before offering it the Utah senator eliminated the sales tax provision.

The Bureau amendment was supported by 16 republicans and 11 democrats and was opposed by 31 republicans and 13 democrats. The Smoot insurance amendment received 15 republican and three democratic votes, with 30 republicans and 16 democratic votes in opposition.

With the rejection, 35 to 3, of an amendment by Senator France, republican, Maryland, contemplating the donation of the veterans of part of their bonus to the establishment of hospitals over the country, the bill was thrown open to general debate with the 20 minutes limitation removed.

Senator Shortridge, republican, California, spoke for an hour and a half in support of the measure.

**MISERABLE FOR TWO YEARS**

"Fruit-a-lives" Restored Her Strength and Vitality

MOUNTAINVILLE, CARROLL CO., N. H. "I was all run down and work was burdensome owing to indigestion, and gas on my stomach which caused me to belch a good deal. My heart seemed to be affected.

It was two years ago that I was in this condition and began the use of "Fruit-a-lives", which proved the very remedy I required. I was freed of the indigestion, which I attributed to my heart, and I can conscientiously recommend "Fruit-a-lives" the great Fruit Medicine."

**POLITICAL NOTES**

The campaigners for Joseph B. Ely will be heard here tonight in support of his candidacy for nomination for governor on the democratic ticket. Mr. Ely will be accompanied by several speakers from the western part of the state.

Sherman L. Whipple, candidate for the democratic nomination for United States senate, will address rallies Friday night, Sept. 1, at Lowell, Lawrence and Haverhill. Mr. Whipple will make a speech from the city hall steps and will Cabot Lodge and the republican administration. This will be Mr. Whipple's first public appearance in Lowell.

Lawrence and Haverhill, since announcing his candidacy, and special preparations are being made by the supporters of Mr. Whipple. Mr. Whipple will be accompanied on his tour by Mayor James M. Curley, Hon. Thomas J. Dwyer, former United States district attorney, Hon. Joseph P. O'Connell, Judge Thos. P. Hiley and others.

Cal. Gaston, candidate for the democratic nomination for United States senator, is making vigorous attacks upon the more monstrous features of the tariff bill, and particularly the wool schedule. The Gaston men will soon hold a big rally here.

Councillor John J. Queenan is among the most active workers in support of Col. Gaston's candidacy for United States senator.

**Purcell's Campaign**

William C. Purcell, registrar of deeds, is making a quiet canvass of the district and is receiving a most cordial reception wherever he goes. The efficiency of his office is appreciated by the people. He has given them real service. The facilities for looking up titles and recording deeds is greatly appreciated by all those who have had such business at the registry.

**AT THE LINCOLN STREET PLAYGROUND**

The closing exercises of the Lincoln street evening playground, conducted throughout the summer under the auspices of the chamber of commerce, were held last night in the presence of a large crowd of interested spectators.

Under the direction of Supervisor Miss Sadie Melancon and her assistant, Miss Laura Edwards, the following program was particularly well given by the young children patrons of the playground: Baseball for the girls and senior girls; folk dancing by junior girls; solo dances; dancing by junior girls; solo dances; novelty step dance, Marie Gennell; exhibition jazz dance, Manuel Dias; Highland fling, Sword dance, Elizabeth Perry; singing games, Junior boys and girls; Looey Lee, Farmer in the Dell, Cat and Rat, Lasso, relay races, junior boys and girls; three-legged race, senior girls; sack race; pie race; skirt dance, Doris Clark; Star Spangled Banner, assembly.

**AT SALEM WILLOWS**

"Claims and Aims of Labor" will be the topic that Rev. James J. Corrigan, S. J., professor of ethics at Boston College, will speak at a meeting to be held at Salem Willows on Sunday afternoon, September 3, under the auspices of the Salem Willows union. It is expected that a large local representation of those interested in the labor situation will attend.

**Railroad Strike**

Continued

Ashtabula, since the shopmen's strike began. State troops on strike duty at Salisbury and Spencer, N. C., were ordered back to their home stations today.

**Blackhouse Under Fire**

Four men, two of whom were said to be deputy United States marshals, were attacked by a crowd and severely beaten at Sedalia, Mo.

Guards on the Northern Pacific at Missoula, Mont., were reinforced by a squadron of deputy United States marshals following an attack on a bunkhouse where 25 workmen were asleep. Although a volley of shots was fired into the bunkhouse, none of the sleeping men was injured.

Although preparations were made to reopen the shops of the Missouri Pacific and the Missouri, Kansas & Texas railroads at Sedalia, Mo., the Missouri Pacific roundhouse and shops at Sedalia, Mo., remained closed, the management announcing that operations had been discontinued indefinitely.

**Railroad Bridge Damaged**

WILMINGTON, Del., Aug. 31.—The Pennsylvania railroad bridge at 14th street here was damaged by an explosion early today. Dynamite is believed to have been used.

No trains were due at the time, but a passenger train due 20 minutes later was held up for an hour until the track could be repaired.

**Priority Orders**

WASHINGTON, Aug. 31.—Railroads west of the Mississippi river were authorized today by the interstate commerce commission to give preference and priority to the movement of foodstuffs, livestock, perishable products and fuel, whenever their operating conditions become such as to cause freight congestion or blockade.

The order declared an emergency and laid down rules for the conduct of the western lines identical with those which have been in effect on railroads east of the Mississippi river for several weeks.

**Wharton Denies Charge**

CHICAGO, Aug. 31.—Emphatic denial of charges that he is serving not only as a member of the United States railroad labor board, but also as president of the striking shop crafts organization, was made today by A. O. Wharton, one of the labor members of the board.

Mr. Wharton made the report when informed of a dispatch saying the charges would be contained in an article in the September 2 issue of a New York magazine, quoting another member of the federal arbitration body as saying "the shopmen's strike was engineered from inside the labor board."

president, and W. W. Wheelock, an attorney, were named as the receivers. According to a statement by Elias H. Strawn, appointed counsel for the receivers, the receivership was precipitated by the great falling off in the earnings of the company, due to the coal strike and by the extra expense due to the shopmen's strike. The suit resulting in the receivership was filed by the Texas company of New York and Chicago, a creditor with a claim of about \$33,000. At the offices of Mr. Strawn, it was stated that the receivership will not in any way change the operation of the road's trains.

Road Goes to Receivers CHICAGO, Aug. 31.—The Chicago & Alton railroad was placed in the hands of receivers in federal court yesterday by Judge Carpenter. W. G. Bled, president, and W. W. Wheelock, an attorney, were named as the receivers.

## THREE THINGS SPRINTER NEEDS

CHARLES PADDOCK

Fastest-footed man in the world, showing Richard Atwell and Robert Merton, two youthful track hopefuls, how to crouch for a racing start.

BY JACK JUNGMEYER

PARADUNA, Cal., Aug. 31.—Boys, here are some valuable tips on running from Charlie Paddock, fastest-footed man in the world.

In his home town here he's the hero of all the youngsters.

He's instructing a lot of them how to race, and among them, he says, he expects it won't be long before two or three are starting after his own record of 9.3 seconds for the 100 yards.

Charlie began sprinting when he was 14. Now he's 22.

"Three things go to make up a good sprinter," he says.

"1. Natural ability—a combination of energy, balance and rhythm, with which some boys seem to be born.

"2. Development—learning the tricks of the game.

"3. Conditions—keeping in good health.

How to Excel

"Of course, any boy, regardless of natural ability, can improve his speed by developing and keeping fit.

"For those who want to excel, it is important to learn—

"1. To start.

"2. To stride.

"3. To finish.

"The best starting position is the crouch, poised on fingers and toes, an attitude which Jack Donaldson, the great Australian runner, learned from watching the kangaroos in his own country.

"Running consists of a succession of arrested falls forward.

"The sprinter's body is poised just at the edge of falling. At the crack of the pistol he lunges forward, catches himself swiftly and is off in his first stride.

"Lift Your Knees

"If he has started properly, he comes out of that first jumping stride low, pulling his body upward and swinging his arms, to help his legs.

"Always remember to lift your knees high as you run.

"The higher you lift them, the longer your step and the more power as you shoot your feet forward.

"That's all I think about when sprinting—just to keep my knees coming high. The body automatically does the rest.

"Then the runner nears the finish. He sees the tape ahead. His mind may be just inches ahead or behind. The finish is just ahead.

Every Inch Counts

"There are three distinct finish strides—

"1. The lunge, introduced by Bernice Velez, once world's champion, which is accomplished by throwing the arms back smartly and the chest out, thus pitching the runner forward sharply at the last jump toward the tape.

"The shrug, introduced by Arthur Duffy, another champion, in 1920.

planets states that in the early part of the season, the Emerald Seconds played practically the second lineup of the Appletons and yet were defeated by a 6-0 score.

The Ramblers will play the Carlises Sunday at 3 p. m. on the Chamber street playground. The Ramblers lineup will be as follows: (Left) G. Glendon, Finnerall 1b, Carroll 2b, McVey ss, Kelligan 3b, Moylean 1c, Sullivan cf, and Barker rf.

As the Varmint Independents failed to come to terms for a series of games with the Emerald Seconds, the same has been called off. The Varmints backed out of the \$10 agreement, saying that they could not make the time limit. The Emerald season will close a week from Saturday after a most successful schedule, having won 30 games and lost but 7. They claim the 11-13 year old championship of the city for the second time in two years.

The Appletons would like to play the Emerald Seconds Friday afternoon on the South common. With the Emerald manager please call 562-J and ask for John Corcoran.

A further statement from the Appletons states that in the early part of the season, the Emerald Seconds played practically the second lineup of the Appletons and yet were defeated by a 6-0 score.

## YANKEES HOLD SLIM LEAD

Scott's Brilliant Fielding and Ruth's 28th Home Run Big Factors in Victory

Giants Beaten, But Hold Six and a Half Game Lead Over the Cubs

NEW YORK, Aug. 31.—Battling to hold their slim advantage over St. Louis in the American league, the New York Yankees, outbatted by Washington, pulled out a 5 to 4 victory with the aid of some brilliant fielding, especially by Everett Scott, who handled eight chances perfectly.

Babe Ruth poked out the 28th home run, and now is only four behind the three leaders—Walker, Ken Williams and Hornsby.

The Giants, despite a 10-3 trouncing at the hands of Detroit in the first game of a series at Ebbetts Field, retained their six and one-half game lead over the second place Chicago Cubs, who dropped to 10-inning battle to St. Louis, 5 to 1.

Nest, McGraw's southpaw crack, was battered off the mound before a man was retired in the first inning, the Robins clinching the game with six runs, Burleigh Glendon always had the Giant attack checked.

The St. Louis Cardinals kept pace with the Yankees by walling off home and Malls of Cleveland for 18 hits and a 1-3 victory. Boston, which had lost the first game when Coveleskie and Morton joined Dazzy on the sick list.

Close decisions marked the other major league encounters. Glazner blanked Cincinnati 2 to 0, and put the Pirates back in the first division. Philadelphia and Boston split a double.

The Pirates taking the first, 2 to 1, and the Phillies the second, 6 to 4, with pitcher Lefty Weaver working four of his team's innings.

Chicago's 2 to 1 victory over Detroit in the 11th inning while Truett's homer gave the Red Sox a 6-5 decision in 10 innings over the Athletics.

SARATOGA CLOSES TURF SEASON

SARATOGA SPRINGS, N. Y., Aug. 31.—Saratoga will close its turf season today with the running of two of its most historic events, the Hopeful stakes, for two year olds, and the Saratoga cup, a handicap race at a mile and six furlongs.

The Hopeful, which has a value of \$15,000, will attract one of the fastest fields of juveniles to face the barrier this season. Judging from the entry list, fourteen have been nominated, including Harry Payne Whitney's Entertainment and Flaggoff, Mrs. Payne Whitney's Barnaby Rudge, S. S. Costello's Dublin and Martindale and Tannock Stables Zee and Curtis.

CARPENTIER TO RETIRE FROM RING

PARIS, Aug. 31.—(By the Associated Press) Announcement comes from London that Georges Carpentier, European heavyweight champion, will retire definitely from the ring within six or eight months. This has created only mild interest in Paris, where Carpentier is not the idol of old among the fight fans, who rightly or wrongly charge him with snobbishness and exaggerated ego.

One candid newspaper critic hints that Georges may be automatically retired before six months, referring to his coming bouts with the Italian Siki and the winner of the Joe Bonetti-Frank Moran bout.

HARVARD FOOTBALL COACHES

CAMBRIDGE, Aug. 31.—Associate coaches of the Harvard varsity eleven were announced today by Head Coach Bob Fisher. They include Dr. Berdie Parmenter, who will coach the candidates for center, Robert M. Pedgley, to train candidates for tackle and Winlow B. Pelton, former quarterback and former captain Billy Murray, who will look out for the field general.

Captain Charles Buell, who was in conference with Coach Fisher yesterday, said fall practice will begin Tuesday.

MOODY CLUB

Greenland Bank, Labor Day Night. Phinney Boyle vs. Louis Hamlin. Jimmy Dennis vs. Benny Nelson. Kid Desrosiers vs. Danny Murphy. Young Boncourt vs. Tommy Carroll. Prices \$1.16, 22, 25.50, including tax.

## 145 ENTERED IN MATCH FOR GOLF CUP

One of the most select fields in the history of American golf will tee off in the qualifying round of the national amateur championship at Brookline, Mass.

## GIRL LEAPS TO DEATH

Ends Life Because She Knew  
Blood Ties Barred Her  
Marriage

ROCHESTER, N. Y., Aug. 30.—(By the Associated Press.)—A statement made yesterday by Deputy Secretary of State Herbert H. Baynton that the election of a district attorney in Suffolk county on Nov. 7 will be for a full term of four years, beginning the first Wednesday in January, 1923, has given another twist to the discussion concerning ex-Dist. Atty. Joseph C. Peletier's eligibility to serve in event of his nomination and election.

Mr. Baynton, who is in charge of election matters at the secretary of state's office, supported his assertion by calling attention to section 54 of chapter 64 of the general laws relating to primaries, caucuses and elections, which reads as follows:

"At the biennial state election in 1922 and in every fourth year thereafter a district attorney shall be chosen by the voters in each of the districts into which the commonwealth is divided for the administration of the criminal law."

This act was passed in 1919, after the voters of the state had registered themselves in favor of biennial elections, beginning in 1920.

MEDALS PRESENTED BY  
CHINESE MINISTER

NEW BEDFORD, Aug. 30.—(By the Associated Press.)—The Chinese minister to the United States presented medals public schools in the New Bedford public schools in the New Bedford Standard reading contest at public exercises held in Buttonwood Park here this afternoon. The medals were given to the winners of the contest. The Chinese minister, Dr. Sze, was brought to this city on the United States revenue cutter "Albatross" from Woods Hole, the summer home of the minister. Thousands lined the streets and extended Dr. Sze a welcome at the park, included among whom was a delegation from the Chinese students club at the New Bedford Textile school. The medals are given to those children of foreign parentage who show the greatest proficiency in reading an American newspaper. Last year the medals were presented by President Harding at the Plymouth tercentenary celebration.

## NEWSPAPER SUSPENSE

FORT WAYNE, Ind., Aug. 30.—The Fort Wayne Evening Press started one year ago by the Journal-Gazette Co., will suspend publication next Saturday, it was announced last night. The announcement in the Press and also in the News-Sentinel, another evening paper, said that by "mutual agreement" it has been decided to clarify the Fort Wayne newspaper situation.

CHICAGO, Aug. 30.—(By the Associated Press.)—Ben W. Hooper, chairman of the railroad labor board, announced this morning at the hearing of the application of the maintenance of way men on more than 100 railroads for an increase in minimum rates of pay opened, that no decision in the case would be rendered until all the members of the labor group of board members had returned to Chicago.

## Urge Appointment of Train Inspectors

NEW YORK, Aug. 30.—Immediate appointment of 1000 government inspectors of railway locomotives and passenger carrying equipment to safeguard the lives of train crews and the traveling public, was urged upon President Harding today in a telegram despatched by John J. Dowd, chairman for the Central strike committee, Metropolitan district, of striking shop crafts unions.

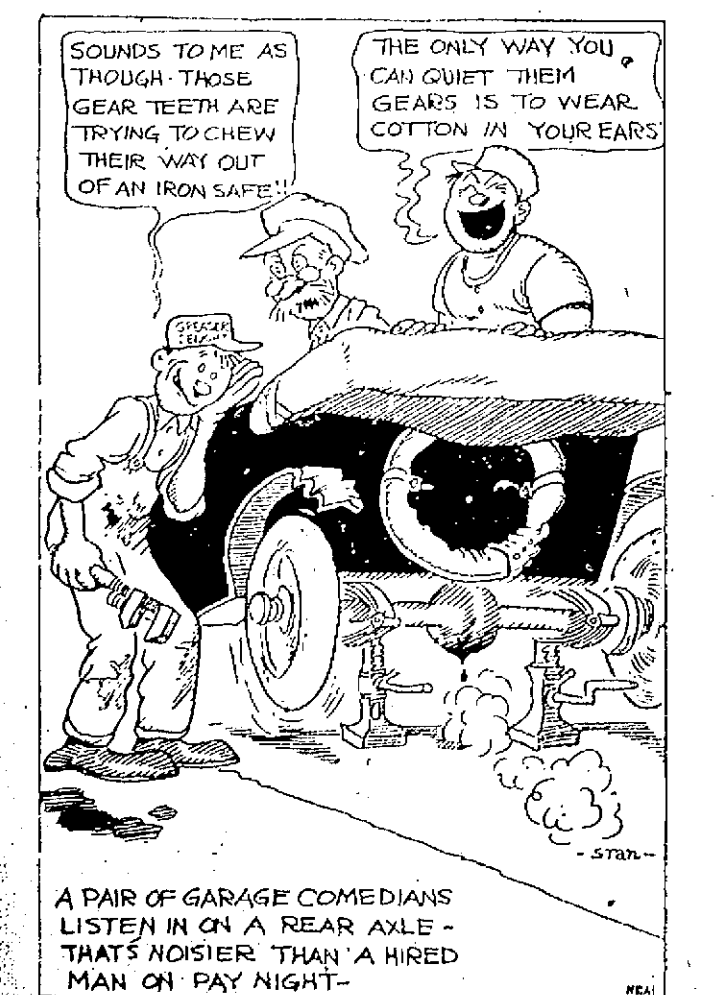

## Two Killed While Guarding Car Shops

AUGUSTA, Ga., Aug. 30.—E. M. Fenster and Reedy Booth were shot and killed today while guarding the Southern Railway shops at Hamburg, near here. The assailants escaped. Fenster was killed by shotgun wounds, but his body also bore knife wounds. Booth, who lived for several hours after the attack, sustained a wound from a rifle bullet and was badly beaten about the head. They were attacked while on a tour of inspection of the railroad property to determine whether trespassers who had been loitering had gone away.

## Soft Coal Strike Ends in Pittsburgh Dist.

PITTSBURGH, Aug. 30.—The bituminous coal strike in the Pittsburgh district came to an end shortly after noon today when the Pittsburgh Coal Co., the largest commercial producer of the region, signed an agreement with district officers of the United Mine Workers. This company was the last in the district to accept the union terms, under the Cleveland agreement. The Pittsburgh Coal Co., perhaps the largest bituminous producer in the country, has an annual capacity of 24,000,000 tons and employs in normal times some 20,000 workers. Arrangements were made immediately after the sale was signed to place in operation the company's mines in the Pittsburgh district.

## GASSAWAY MILES

BRIEF BUT IMPORTANT  
WIRE DESPATCHES

WASHINGTON, Aug. 30.—Coal loadings throughout the country on Monday jumped to 30,054 cars, or 7376 cars more than the highest previous daily total since the coal strike began in April, according to figures made public today by the Association of Railway Executives.

STATE COLLEGE, Pa., Aug. 30.—Announcement was made today of the appointment of Richard Grant of Somerville, Mass., as director of music at Pennsylvania State college. He succeeds C. C. Robinson, who resigned in spring.

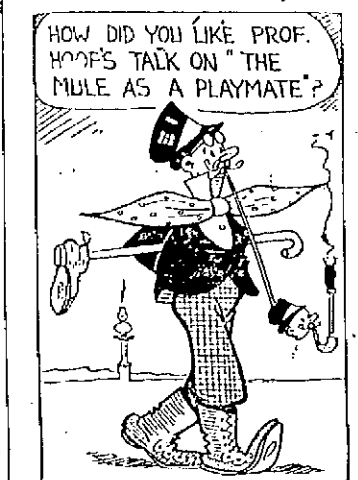

PHILADELPHIA, Aug. 30.—The committee of the anthracite mine workers scale committee will consider here tonight the latest suggestions offered for settling the protracted suspension in the hard coal industry. Representatives of the operators are also expected to take up at once the consideration of the suggestions made in Washington late last night by Senators Pepper and Reed of Pennsylvania.

MARTON, Ill., Aug. 20.—(By the Associated Press.)—Marion, with its quaint old courthouse, today formed the focus for the eyes of many a crowd of persons watching the progress of the special grand jury that entered upon the third day of Horth massacre investigation.

BOSTON, Aug. 30.—Governor Cox today committed to life imprisonment the death sentence imposed upon Rocco Selechianno of Cambridge, in 1920 killed Patrolman Thomas J. Riley of Cambridge. The man, who was to have been executed several months ago, was under a reprieve until Sept. 16.

BOSTON, Aug. 30.—John J. Devine, superintendent in the government printing office in Washington, was elected president of the International Association of Printing House Craftsmen today. It had been intended to continue the annual convention through tomorrow but quick handling of business permitted its conclusion today.

CLEVELAND, August 30.—Stanley Covelekic, pitching "ace" of the

THE NUT BROTHERS  
(Ches and Wal)

## EVERETT TRUE

Cleveland Indians, will be out of the game at least two weeks, attending physicians declared here today. He was ordered to bed, suffering from intestinal trouble.

ROCKLAND, Me., Aug. 30.—No one can review the accomplishments of the present congress and conclude that its record shows it to be either unwise or dilatory. Vice President Calvin Coolidge said in an address at a republican rally here today.

NOME, Alaska, Aug. 30.—(By the Associated Press.)—Captain Roald Amundsen, Norwegian explorer, has definitely abandoned for this year, his plan for an airplane flight from Northern Alaska across the North Pole to Spitzbergen, or Grant's Land, but plans to hop off next spring. It became known today with the arrival here of the guard cutter Bear from Point Barrow.

WASHINGTON, Aug. 30.—The senate will turn its attention to pending coal legislation as soon as it has disposed of the soldiers' bonus measure, Senator Lodge, Massachusetts, republican leader, announced today, after a meeting of the steering committee at which a program to take care of important bills before the senate was worked out.

SAN FRANCISCO, Aug. 30.—Rogers Hornsby, star player of the St. Louis Nationals, aside from being one of the leading home run hitters in the National League, is "a wonderful home man," his wife said today. Mrs. Hornsby is in San Francisco en route to Los Angeles, with Rogers and 22 months old, to visit her mother.

WATERFORD, Pa., Aug. 30.—France "lives the ideal of justice and democracy, which is yours," Count Charles De Chantun, acting counsellor had charge d'affaires ad interim of the French embassy declared in an address today, at the unveiling of a monument to George Washington on the site of the historic French Fort Mifflin. The state represents Washington at the age of 24, when, as a colonel in the colonial army under Bradock, he visited the fort.

MOSCOW, Aug. 30.—(By the Associated Press.)—Internal security made recently by the American government branched the question of the United States sending an investigating commission to Russia. Leonid Krasnin, minister of foreign trade and commerce declared to the correspondent today, but no official proposals had been made since Russia outlined her position on this subject.

NEW HAVEN, Conn., Aug. 30.—John C. Itardy, chairman of the system federation of shop crafts of the New York, New Haven and Hartford railroad, declared today that there has been no desertion from the ranks of the strikers in spite of statements of the railroad management to the contrary.

CHICAGO, Aug. 30.—(By the Associated Press.)—Mrs. Franklin Hatch Jones, only daughter of Gen. U. S. Grant, one of the country's few "White House brides," and one of the nation's popular heroines of a preceding century, died at her home here today.

PORTLAND, Me., Aug. 30.—Mrs. Rose A. Call, 20, a bride of a year, was fatally shot today near the public market on Federal street. Ernesto Vossli, said to be obsessed with the idea that she was his wife, was overpowered by several men and turned over to the police. He was alleged to have fired five shots at close range, the first entering the back.

WASHINGTON, Aug. 30.—(By the Associated Press.)—Steps have been taken by the American government looking to the possible despatch to Russia of a technical commission to survey conditions there but without authority to negotiate any agreement binding upon the United States.

PAVINGSTONE, R. I., Aug. 30.—Robert M. McWade of the federal department of mediation and conciliation, conferred today with President Thomas F. McMahon, Vice President Frank McKeay and members of the executive committee of the United Textile Workers of America, about a basis of settlement of the textile strike in the Blackstone valley.

# LOWELL DISTRICT COURT

Man Found Guilty of Larceny  
From Woman—Liquor and  
Other Cases

Alfred Bergeron, who was arrested by Sergs. Dwyer and Kennedy yesterday afternoon, charged with the larceny of \$63 and a watch from Laura Lachapelle, who lives in the house on Chalmers street, was arraigned in district court this morning. The defendant was found guilty on the evidence presented and the case was continued to next Tuesday for sentence. In the meantime the court suggested that Bergeron reflect on the case and make restitution.

Miss Lachapelle, through an interpreter, said that Bergeron was in her room last Sunday evening, which she opened her suit and that he saw the money and watch in the bag at that time. Tuesday evening she went to get the money and found that both watch and money were gone. She called in the police and they went to her room in the same house and found a letter belonging to the girl in Bergeron's pocketbook. They also found a considerable sum of money on his person. Henry Canine testified that Bergeron showed him a large amount of money on last Tuesday afternoon and said that he had drawn \$100 from the bank.

In his own defense, Bergeron said that he could not explain how the woman's letter came to be in his pocketbook, other than that somebody put it there in order to throw the blame on him. He said that he received \$51 pay last Saturday, thus accounting for the money he had in his possession. As there was a discrepancy in the man's story as told on the stand this morning and as he told it to his friend on Tuesday, as the woman's letter had been found in his pocketbook, and as he had seen the money in the suitcase, the court found him guilty.

Joseph W. Leonard of Merrimack, charged with breaking and entering and larceny, were held over to Sept. 6 in \$300 bond. The arrest of these two came as a result of the break made at the Vermont, Tex. and Butter Co. on Chalmers street a few nights ago. Leonard was taken into custody by Inspector Walsh and Officer Morris Shapiro last night and Leonard was charged with breaking and entering and larceny. The police say that Leonard is on parole from the school at Shirley.

The cases of Joseph Zumaritis, charged with larceny, and that of John Shuckett, for assault and battery on Zumaritis, were continued to Sept. 6. The arrest of Zumaritis resulted from a five year old warrant that had been forgotten. The police were informed of the warrant by Sgt. C. J. Shuckett, who was arrested for assault and battery on the complaint of Zumaritis. The larceny deals with the theft of cloth from one of the local mills.

Judge Fleckman levied a fine of \$125 on Frank S. Abree when he was found guilty on the charge of illegal keeping of intoxicating liquor. Several members of the liquor squad raided his home at Hanover street last night and found a 25-gallon still in full operation, about 12 gallons of moonshine and two barrels of mash. Only moonshine was found which did not only proposition made which did not

**HEARING ON CANDLER'S PETITION POSTPONED**

ATLANTA, Ga., Aug. 31.—The hearing of Walter T. Candler's petition for cancellation of his Georgia gubernatorial election was postponed indefinitely. Candler, who was elected governor in 1918, was charged with having received \$25,000 in bribes from the Georgia Cattle Raisers' Association. The hearing was postponed because of the illness of Candler's attorney, Mr. J. B. Blythe.

**BIDS OPEN ON TAR FOR STREETS**

Bids were opened in the office of the purchasing agent this morning for 16,000 gallons, more or less, of refined tar for use on the streets which will cost in the neighborhood of \$1500. Three companies, all Boston concerns, submitted bids for the order.

The lowest bidder was the American Oil Producing company which offered a price of 11 cents per gallon. The Independent Oil Company was next lowest with a bid of 12 cents, while the Barrett company submitted a bid of 12.5 per gallon.

# FITZGERALD RALLIES

Candidate For Nomination  
For Governor Arraigns Republican Policies

Hon. John F. Fitzgerald, of Boston, candidate for the democratic gubernatorial nomination for the state of Massachusetts, opened his campaign in Lowell with a convincing statement of facts before an appreciative audience of over 300 on the steps of city hall last night.

Mr. Fitzgerald was enthusiastically received and proceeded to give fact after fact why there should be a democrat occupying the governor's chair on Beacon hill in January, 1923, and why his name should be the Hon. John F. Fitzgerald. The highlights of his speech were the arraignment of the republican party for their attitude toward the mill strikes; the balance of power that rests in the hands of the women voters and his opponents.

In opening, Mr. Fitzgerald discussed the qualifications of his opponents, Joseph B. Ely, Esq., Hon. Peter F. Sullivan, and Hon. Eugene N. Foss. He said that they were all friends of his and that he had been associated with each of them in different capacities and did not intend to say one word against their character. He said that the one factor that was detrimental to them was their greater experience in governmental affairs.

He said that there are statutes on the law books written by his hand that have, during the past years, proven to be of the greatest help to the citizens. He said that he had been in the public service, during six of which he was mayor of Boston, has never been challenged and it is an open book for inspection today. He said that Hon. Eugene N. Foss should receive a constitution from the democrats of this state as he deserted the party when it seemed to be losing its grip and joined with the republican party.

After receiving the support of his party in his campaign, he refused to support the candidacy of David L. Walsh for the governor of the state and boldly announced that he was through with the democratic party and that the party itself was likewise through. He said that Mr. Foss even went so far as to say that he was a republican, but that he was not a republican.

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

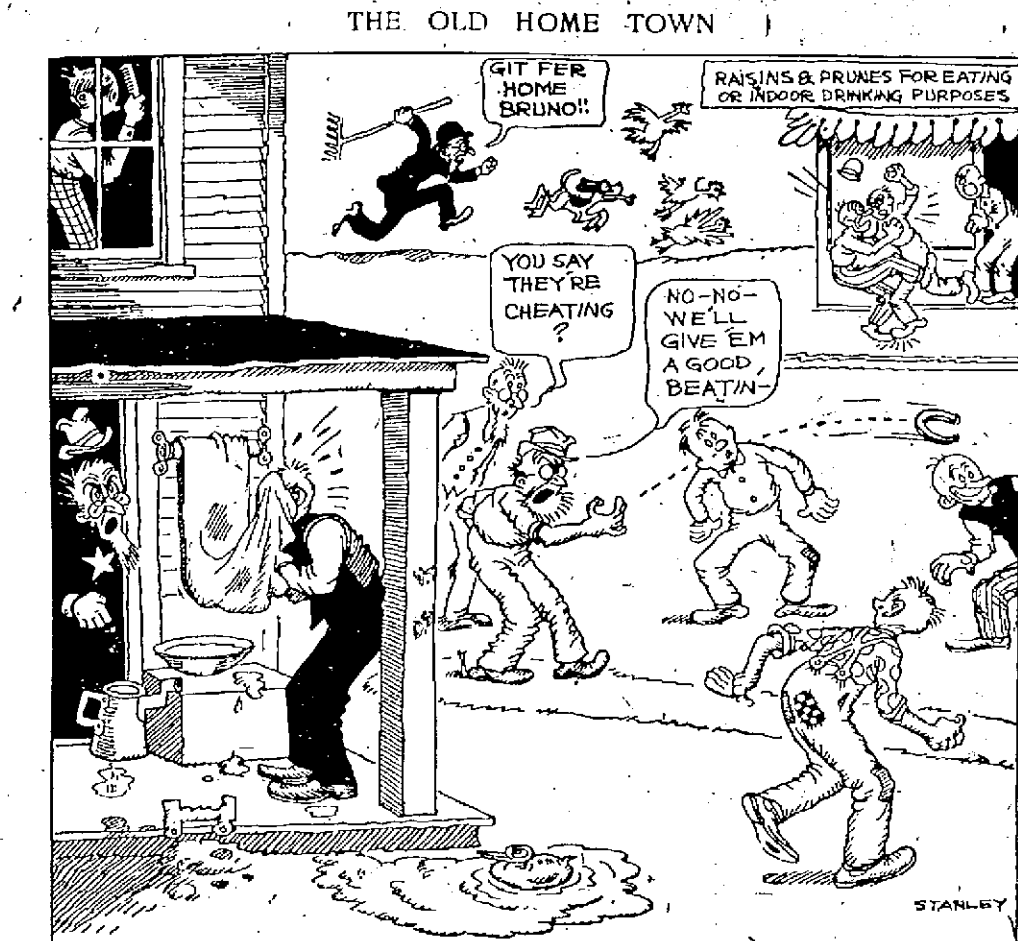

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican. He said that he was not a republican, but that he was not a republican.

IF THE SUSPICIOUS STRANGER STOPPING AT THE CENTRAL HOTEL HADN'T HID HIS FACE IN A ROLLER TOWEL TODAY, MARSHAL OTEY WALKER WOULD HAVE BEEN ABLE TO IDENTIFY HIM.

THE OLD HOME TOWN

DEATHS

**ROBERTS**—Mrs. Mary Roberts died Tuesday night at the home of her daughter, Mrs. Chase West, 25 Grand street, Dracut, aged 85 years, 7 months and 17 days. She leaves two sons, Albert P. of Lowell, Mr. and Harland Roberts of Lowell, three daughters, Mrs. Elizabeth Foxcroft of Lowell, Mrs. Charles West of Dracut and Mrs. A. E. West of Dracut and one brother, Frank Murdoch of Dover, N. H.

**MARCHAND**—Marie Blanche Ida Marchand, infant daughter of Mr. and Mrs. Emile Marchand, died yesterday at the home of her parents, 155 Moody st., aged 11 days.

**FERGUSON**—Mrs. Eleanor F. Ferguson, wife of the late Mr. F. Ferguson, died Tuesday night at the home of her son, Mr. F. Ferguson, 595 School street, at the age of 62 years, 6 months and 7 days. She is survived by one son, Horatio D. Ferguson of Blackstone, N. J., and a daughter, Mrs. Samuel A. Ferguson of Blackstone, Mass., one brother, William C. Ferguson, and Mrs. Aminda Moore of this city; six grandchildren and several nieces and nephews.

**OUELLETTE**—Joseph Ouellette died last night at his home, 41 Ward street, aged 62 years. He leaves his wife, Marie; six sisters, Rev. Sister Paphucua, Rev. Sister Sirois, Rev. Sister Ouellette, Mrs. Adele Penault, Mrs. Josephine Langis and Mrs. Elizabeth Paphucua, all of White, and two brothers, Charles and Philip Ouellette, of Lawrence.

**BRANNEN**—Miss Elizabeth Brannen died this morning at the Lowell hospital. The body was taken to the funeral parlors of Charles H. Molloy's Sons and later to the home of her friend, Mrs. Ellen Salmon, 35 Coburn street. Deceased was a well known and active member of St. Michael's church. She leaves one brother, Mr. Michael Brannen of White, Penn., and one niece, Mrs. Daniel Hestman, of Brooklyn, N. Y. Funeral notice later.

**DAIGNAULT**—Mrs. Marie Daignault, wife of Hubert Daignault, died this morning at her home, 12 Common street, aged 55 years. She leaves three daughters, Mrs. Hubert Daignault, Mrs. George Daignault and Mrs. George Daignault; three sons, Mr. Paul and Antoine Daignault, two daughters, Mrs. Louise Vincent and Mrs. George Daignault; the three latter of Canada; two brothers, Henri and Alfred Daignault of Canada. She was a member of St. Anne's sodality of St. Joseph's parish.

**DAIGNAULT**—The funeral of Mrs. Marie Daignault will take place Saturday morning at 7 o'clock from her home, 12 Common street. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements in charge of Funeral Director Joseph Albert.

**REQUIM MASS**

**DEPARTANS**—There will be a requiem mass at St. Patrick's church Saturday morning at 3 o'clock for the repose of the soul of Michael McFarland.

**BRANCH PLACE**, by Funeral Director Joseph Albert.

**DAIGNAULT**—The funeral of Mrs. Marie Daignault will take place Saturday morning at 7 o'clock from her home, 12 Common street. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements in charge of Funeral Director Joseph Albert.

**DAIGNAULT**—The funeral of Mrs. Marie Daignault will take place Saturday morning at 7 o'clock from her home, 12 Common street. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements in charge of Funeral Director Joseph Albert.

**DAIGNAULT**—The funeral of Mrs. Marie Daignault will take place Saturday morning at 7 o'clock from her home, 12 Common street. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements in charge of Funeral Director Joseph Albert.

**DAIGNAULT**—The funeral of Mrs. Marie Daignault will take place Saturday morning at 7 o'clock from her home, 12 Common street. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements in charge of Funeral Director Joseph Albert.

# LOCAL TEXTILE STRIKES

President of United Textile  
Workers of America  
Will Speak Here

President Thomas P. McMahon of the United Textile Workers of America will come to this city next Tuesday afternoon and will address the strikers at an open meeting in Trades @ Labor hall in Central street. He will talk on the textile strikes in New England.

Mr. McMahon had first planned to come to Lowell Monday afternoon, but on account of labor day he was forced to postpone his visit until the following day. John Hanley, chairman of the local strikers committee, and Organizer Thomas J. Regan of the U. T. W. of A. went to Pawtucket, R. I., Tuesday afternoon and conferred with Mr. McMahon on strike conditions in this city. The textile difficulties were discussed from every angle and there was also some talk on the probabilities of a settlement in Lowell and other places similar to that effected in Lawrence.

Mr. Hanley stated today that he is very optimistic relative to an early settlement, and in fact he believes that the visit of Robert M. McWade, U. S. conciliation commissioner for the department of labor at Washington, in this city last Tuesday, will have a great bearing upon an early settlement of the strikes at the Hamilton Mfg. Co., the Hay State Cotton Corp., the Massachusetts, the Merrimack Mfg. Co., and the Columbia Textile Co.

After securing data from the strike leaders, visited every mill affected by a strike and conferred either with the agent or his representative. The outcome of his visit, however, will not be known for some time, but after his tour of the mills the latter left for other textile centers and later on he will make a report of the situation at Washington.

A meeting of the strategy boards of the textile strikers of New England was held yesterday at Dover, N. H. and was attended by John Hanley and Edward R. Sullivan of the local strikers committee. Matters of great importance were brought to the attention of the board and action concerning an early settlement of the remaining strikes was taken, but nothing was given for publication.

Three young women connected with the local strike left this morning for Clinton, where they will take up their weekly collection from the mill operators of that city for the benefit of the strikers.

by the above named officers of Penitentiary at Lowell.

**TRULLETT**—The funeral services of Frederick A. Trullitt were held yesterday afternoon at Saunders' funeral home, 217 Appleton street and were largely attended. The Rev. Karl P. Meister, pastor of the Centralville Methodist church, officiated. There was appropriate singing by Mrs. Arthur J. Langren, organist, and the choir.

**CROCKETT**—The funeral services of Mrs. Maybelle C. Crockett were held at the funeral home, 235 Westford st., yesterday afternoon. The Rev. J. E. Hoyle, pastor of the Congregational church in South Sudbury, officiated. Numerous beautiful floral offerings expressed the sympathy of many friends. The bearers were James C. Moody, Harry Mosely, Charles Stanley and Charles R. Brigham. Burial was in the family lot in Forefathers cemetery.

**DAIGNAULT**—The funeral of Mrs. Marie Daignault will take place Saturday morning at 7 o'clock from her home, 12 Common street. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements in charge of Funeral Director Joseph Albert.

**DAIGNAULT**—The funeral of Mrs. Marie Daignault will take place Saturday morning at 7 o'clock from her home, 12 Common street. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements in charge of Funeral Director Joseph Albert.

# WORKMAN BURIED ALIVE

Two Employees of Construc-  
tion Company Caught in  
Landslide in First Street

Buried alive in a landslide while working on the First street boulevard late yesterday afternoon, necessitated the removal to St. John's hospital of Martin Sullivan and William Hogan.

Both are employed by the Powers Brothers Construction company and were working with the early night shift gang, directly under a large section of earth. With little warning the bank slid and buried the two men under tons of earth. A third man was caught by the slide but managed to extricate himself.

Other workmen ran to the assistance of their buried companions but it was not until after five minutes of digging and shoveling they were able to extricate them. A hurried call brought the ambulance and the men were taken to the hospital.

Hogan, who was in Charles town, appeared to be the more badly injured of the two. He complained of pains in his side, and other bruises. Sullivan, who lives at 3 Concord place, did not appear to be injured, and probably was able to stand the shock owing to his youth as compared with Hogan. Sullivan is about 30 while his companion is nearly 50 years old.

**STREET DEPARTMENT HAS BUSY PROGRAM**

A gang of men from the street department, their busiest on work on the Bridge street and the Mass. on Bridge street between the Massachusetts and Boott mills doing work on the railroad track section of the street, which, it is believed, will do away with a water nuisance that has been giving trouble there for some time. It is expected the work will be completed by Labor day.

The work of putting a layer of asphalt over the Central bridge will be started on Thursday of next week and an attempt will be made to rush the work through in short order.

Sheet asphalt will be laid on Mammoth road from Fourth to Eighth avenues in a short time. The street railway has just finished the installation of new rails in that section and the street department wishes to complete its end of the work.

The work on Pine street will be completed in a short time, and the gang of workmen employed there will be put on a job near the Sixth street pumping station.

Work on Moore street has been finished and the street will be opened to the public by next Tuesday. The workmen have left the job but it is necessary that the road be kept closed in order that vehicular traffic will not spoil the new surface.

Brown street is in the process of construction and will be completed in time for the dedication of the Memorial Auditorium. The street is being graded new catch basins installed and edgestones laid.

Other work has been outlined by the department but its undertaking will depend a great deal upon the weather and other circumstances.

**BLOODY REVOLUTION IN ODESSA REPORTED**

LONDON, Aug. 31.—(By the Associated Press)—A dispatch to the Daily Mail from Berlin says a report has been received in the German capital that the Odessa soviet has purged itself of Bolsheviks, proclaimed its independence of Moscow, and called upon all citizens to unite against the "communist usurper."

The report alleges that the whole of South Russia has joined with Odessa, and that the revolution has been attended by bloody encounters.

IRENE BORDONI

## LAWRENCE MILL STRIKE SETTLED

Methuen and Pemberton Mills Fall Into Line in Restoring Old Wage Scale

18,000 Operatives Expected to Be Back in Mills Early Next Month

LAWRENCE, Aug. 31.—The Lawrence textile strike yesterday became a thing of the past and virtual peace reigned between workers and employers for the first time since March 27. The two remaining mills which had still held out for lower wages, the Methuen and Pemberton, yesterday capitulated to the demands of the strikers and announced that on September 5 the wage scale in effect before March 27 would be restored.

The greater part of the 18,000 textile workers normally employed in the mills of this city are expected to be back at their places early in September, and already the wheels in several factories are in motion.

The first to accept the demands of the strikers were the Pacific mills, normally employing 8300 workers, and their offer, accepted by the United

Textile Workers, but tentatively refused by the One Big Union, was the only proposition made which did not announce without reservation a return to the old wage scale in all departments effective October 2 and retroactive to September 1, but with the reservation that the old scale could not be guaranteed after December 1 in the cotton department. All other offers were plainly for a return at the old scale. The second group of mills to move towards a settlement included the Acadia, Monomack and Kintona group. These mills, normally employing 2500, resumed operations last Monday with about 10 per cent of their operatives at work at the old wage scale. They had been running in part all during the strike.

The Everett mills last Saturday announced they would reopen on September 5 at full time with the old wage scale. This was the only mill to promise returning workers full time. The mill had been closed since the third day of the strike. About 1800 are affected. The Smith and Dove mills in Andover, where there has been no strike, but where wages were reduced last March, have voluntarily announced a return to the old wage scale. They employ about 400 workers.

The Methuen and Pemberton mills, normally employing 280 and 600 workers, respectively, were the last of the cotton group to fall in line. They will resume operations on September 6. The only exception to the peaceful settlement of the strike is at the Patchogue-Plymouth mills, which are not classed as textile plants, their products being largely fibre rugs.

The average wage cut here last March was less than in the textile mills but most of the 100 employees have been on strike since the cut was announced. A meeting with representatives of this model are favored for fall.

## STATE CONVENTION OF U. S. TROOPS ON RHINE AMERICAN LEGION

NEW BEDFORD, Aug. 31.—The 1922 state convention of the American Legion, Department of Massachusetts, opened this morning at 10 o'clock in the high school auditorium. It was called to order by Department Commander Charles H. Cole of Boston. The department chaplain, Rev. George S. L. Connor of Pittsfield, offered the invocation, after which Mayor Walter H. B. Remington gave an address of welcome.

Delegates began arriving yesterday and by midnight the lobby of the New Bedford hotel convention headquarters was packed with incoming delegations. Canvases were held last night in Post No. 1, New Bedford, headquarters and in the Veteran Firemen's hall by Bristol, Norfolk, Essex, Worcester and Middlesex counties. Suffolk county met in caucus this morning.

Emilian Lukaszewicz of Casimir Pulaski Post, Boston, was the first delegate to be registered, although delegates from Wilson Thompson Post, 185, of Agawam, arrived in the city first.

The Marblehead delegation is making a strenuous effort to capture the 1923 convention for that place. A clamor and band concert is scheduled for this afternoon.

## Government Reopens Inquiry Relative to Propriety of Keeping Men Over There

PARIS, Aug. 31.—(By the Associated Press) The American government through a channel quite apart from the American embassy in Paris, has reopened its inquiry as to the propriety of keeping American troops on the Rhine.

The present attitude of the French government is said to be one of indifference, while the German government has expressed a desire that the American garrison continue, being likely, the Germans believe, to exercise a calming influence on the Belgian, French and British forces of occupation.

BY JOHN O'DONNELL  
NEW YORK, Aug. 31.—And then there was that little affair with the King of Spain.

The interviewers gasped and rustled their copy paper nervously. Irene Bordoni lapsed into silence. Her gaze dropped modestly. Irene always did have that habit with her eyes. The effect is devastating.

"Yes," she prompted heartlessly. "Madness modesty must not stand in the way of international scandal."

And now Irene glanced appealingly at her press agent.

"Must she bare her soul?" these lambent orbs telegraphed. The press agent heart was stung.

"You see, it all happened at Deauville," she began. It may be explained that Deauville is a Parisian Atlantic City entirely surrounded by Americans. Deauville and the Riviera are the two places where runaway couples go in the second act of English comedies.

"Well, I was dancing in the Casino," Irene continued. Then, explaining: "You know, you can have a good time in those places if you go with your own crowd."

We nodded.

"Well, the King of Spain tried to cut in. I didn't want to dance with him. He said something in French. They say those things so much better in French, don't you think so?"

"Of course, I couldn't think of dancing with every man who asked me. So I told him—"

"I told him he had the advantage of me. Thought I'd freeze him a bit. Well, he said he was the king of Spain, and had met me in Paris. Tiger was nothing in that, of course. I can remember every man I ever met in Paris."

"So I just told him I was particular whom I danced with and left him. That's all."

The press agent nodded sadly. "Very regrettable affair. But you know these kings—"

We nodded sympathetically. "Why the 'I.B.' monogram on your tunic?"

"It means I'm Glad I'm Back," Miss Bordoni said wittily. Quite wittily.

## AMUSEMENT NOTES

R. F. KEITH'S THEATRE

Tickets go on sale for the opening of the R. F. Keith theatre, at the box office this morning, at 8 o'clock. The evening show will continue on this evening. There will unquestionably be a big demand for seats for this opening bill. The lineup of acts is exceptionally good. The theatre has been more thoroughly renovated than for several years past. The stage and boxes are most attractive while much new scenery has been painted.

## THE STRAND

The Strand will show for three days, beginning with matinee today a picture that will tie the knees in the nerves of spectators. It is one of the most thrilling adventure ideas ever filmed and directed by a man who knows how to handle such exciting scenes of conflict and rapid action as are unfilled in this offering. It is Gouverneur Morris "Yellow Men and Gold." Helen Chandler and Richard Dix are the stars and they are supported by other well known film favorites. The story starts in Los Angeles but soon shifts to two rival sailing ships due for the South Seas in search of hidden treasure. A wholesome, refreshing line of humor brings relief from what otherwise might be rather a "heavy screen story." The love romance is also acceptable.

Fred Stone, the world's greatest entertainer, Volia Vale, formerly leading woman with Wm. S. Hart, and other stars; Josie Sedgewick, now a star in her own right; Chick Morrison, the well known stunt man and others of equal skill in their special line, help to make "The Duke of Chimney Butte," one of the real film features of the summer season. See it.

## MERRIMACK SQUARE THEATRE

"The Bonded Woman," starring Betty Compson, opened its engagement at the Merrimack Square theatre this afternoon. It is a delightful story of the South Seas and has one of the most spectacular shipwreck scenes shown on the silver screen. Run Hot Romance, an Anita Jones-John Emerson production, in the second feature. Next week is Paramount Week. The National Joy week for you and your family. Get your share of enjoyment.

## Son's Fame Shades Renown of Father

JOHN HAYS HAMMOND—JR. AND SR.

Activity in the radio field has brought such marked success to a son, that his fame threatens to eclipse the worldwide renown of his father.

The son is John Hays Hammond, Jr. He is the inventor in the Hammond family. His father is the universally known mining engineer who has made a brilliant fortune from his many successful mining and other engineering projects.

Both have reached the realm of renown, but where one has seen his most glorious day, the other is still going on to greater heights. The elder Hammond is remembered for what he has done for the world. The son hopes still to achieve the one great thing that will put his name down as one of the most famous in scientific history.

Yet, at the age of 34, young Hammond has a list of nearly 250 inventions to his credit, many of which were considered, eye-making at the time of their introduction to the world. In his studio in the tower of Madison Square Garden, New York, he has brought out designs and models of radio-controlled torpedoes, guns and ships which have caused radical improvements in our naval defense.

Hammond Sr.

The elder Hammond was nearly 40 before he established his fame in the engineering field. It was not until 1900, at the age of 45, that he became associated with an important financial group in the United States, and made a marked success out of the hydroelectric enterprises, irrigation projects and mining activities.

The son was 22 when he was graduated from the Sheffield Scientific School at Yale with a B. S. degree and started immediately on his research work. The United States Coast Defense service now has exclusive rights to his torpedo which is controlled by wireless energy from coast fortifications.

The latest battleships of the United States navy have included in their construction an automotive system of torpedo firing, invented by young Hammond. Later ships will have a radio system by which, not only torpedoes, but other ships, could be controlled.

## RADIO SECRECY IN 14 YEARS

By N. E. A. Service

NEW YORK, Aug. 31.—It took John Hays Hammond, Jr., 14 years to perfect his device which he says will permit secret radio communication.

Only after years of testing and research has he succeeded in producing an apparatus which has been found practical in tests by the war and navy departments and by officials of one of the largest American radio companies.

A bulletin issued by Hammond attributes these advantages to the invention:

1. It affords absolutely private communication, since no other station can pick up the private message, unless specially equipped.
2. It will allow a large number of

stations to communicate over a limited number of wave lengths.

3. Accidental interference from other stations is reduced.
4. Static troubles are diminished.

Any station trying to listen in on a message broadcast by the Hammond system, says the inventor, would receive only a jumble of sounds that could not be translated. Several code and phone conversations can be carried on at the same time through this instrument, and no interference is noticed.

## Radio Broadcasts

STATION WOI, MEDFORD HILLSIDE  
3:15 p. m.—Musical program.  
6 p. m.—Market report, United States Bureau of Agriculture economics (485 meters).  
6:30 p. m.—Boston police reports, early sport news, late news flashes.

6 p. m.—Musical program.  
6:30 p. m.—News and sports.  
8:05 p. m.—Special features as announced by radio-phones.

## OLD EMPLOYEES GET EXTRA MONTH'S PAY

None of the employees of the C. I. Hood Co. in this city will go to New York with the concern that has taken over the business. The fact of the matter is, that none of them have been offered a position by the new owners and that is due to the fact that the new owners have a big staff of their own and do not require any more skilled help. The purchasers, the Warner Co., have taken over a number of proprietary medicines with- out the loss of years and they are all looked after under the one general head.

That the new company has been considerate, however, of the old employees, is evinced by the fact that they will receive an extra month's wages. The old employees realizing the fact that the new owners are under no obligation to them whatever, took upon the extra month's wages as a very generous act on the part of the Warner Co.

## TO SEIZE COTTAGES AT SEBAGO LAKE

PORTLAND, Me., Aug. 31.—Cottages and land on Indian Island at Sebago Lake, owned and occupied by Malcolm E. Williams and Florence Reed, his wife, Mrs. Lester Loneragan and Mrs. William Reselle of New York, well known in theatrical and motion picture circles, are to be taken over by right of eminent domain by the Portland water district.

Papers were filed yesterday with the county commissioners by officials of the district who deem it advisable to abolish the dwellings as a protection of the water supply for Portland and surrounding towns. The cottages are within three-quarters of a mile of the intake of the water mains.

The action follows a case last week instituted by William Reed, who was arrested recently when he was alleged to have ignored an inspector's request not to swim near his cottage. Bathing in the lake within two miles of the intake is prohibited by state laws. He appeared when fined \$20 and costs in the municipal court here, taking the case to the superior court which meets next Tuesday.

## POSTMASTER IS UNDER ARREST

BOSTON, Aug. 31.—Charged with embezzling \$2249.81 of government money, George Kruse, postmaster at Williamsville, was arrested late yesterday afternoon on a federal warrant served out by Post Office Inspector Carl Nelson and arraigned before United States Commissioner Hayes. He waived examination and was held for the federal grand jury in \$2000 bail.

Kruse was accompanied to the Federal building by his father-in-law, J. M. Shattuck, a large property owner of Williamsville, who went on his bond. It is said Kruse until recently, ran the Williamsville post office in connection with a general store which he owned in the town.

"This man knows nothing about this matter," declared Kruse's father-in-law to a Post reporter after the court law to a reporter who was court

## SHOTS FIRED IN CHASE

Woman and Three Men Who Attempted Hold-up Escape in New York

NEW YORK, Aug. 31.—A woman and three men who attempted to hold up an employee of an ice plant in the Bronx, early today, leaped into a waiting automobile when a policeman appeared and escaped after a chase of 16 blocks over a turn-up street. Pursuing bluecoats fired five shots. The quartet abandoned their car as patrolmen in a commandeered taxicab drove near, and disappeared down a side street.

## 31 SURVIVORS FROM CHILEAN STEAMER

SANTIAGO, Chile, Aug. 31.—Advices from Valparaiso state that the Chilean steamship America has picked up 10 more survivors of the wreck of the steamer Itata, which sank Monday off the coast near Comodoro. This brings the total known to have been saved to 31.

## SEEK COMPROMISE ON MORATORIUM

PARIS, Aug. 31.—(By the Associated Press.) There was still some slight possibility, but no probability of some compromise on the question of a moratorium for Germany as the reparations commission gathered for today's meeting.

The commissioners are prepared to make further efforts for an agreement and even the American observer with the commission, Col. James A. Logan, Jr., is contributing toward the movement, according to L'Ouvre.

## CHARGE CONTRACT LABOR IN MILLS

MANCHESTER, N. H., Aug. 31.—Federal investigators from the Immigration office at Washington will arrive in Manchester soon, as the result of charges preferred by textile strikers that the American Manufacturing company is employing contract labor from Canada, union chiefs said yesterday.

Letters were dispatched recently by textile leaders to Washington and Boston asking for information brought to their attention relative to the alleged employment of Canadians illegally by the corporation. Investigators are on their way, the strikers have been informed.

## TUBE TRAINS COLLIDE 20 PERSONS INJURED

JERSEY CITY, N. J., Aug. 31.—Twenty persons were reported injured today in a rear end collision between two tube trains of the Manhattan & Hudson railroad. The accident occurred between Manhattan Transfer and Summit avenue station. The injured were brought on relief trains to this city where they were conveyed in ambulances to hospitals.

## BRASS BAND ORGANIZED

The Massachusetts mills have organized a brass band with 25 members, under the leadership of Leo Champagne. Several of the musicians have had professional experience in band work and they are now connected with musical organizations.

EXPERIENCED FISHMAN wanted to take charge of department. Give details and experience and salary expected in first letter. 1-77, Sun Office.

## NURSE HELD FOR MURDER OF DR. RANDALL

FLORENCE, Ariz., Aug. 31.—Dr. W. G. Randall, 46, was shot and killed here by Miss Katherine Encinas, 26, a nurse at the Florence hospital, who officers said, claimed she acted because of remarks by the doctor's wife, Miss Encinas, after the shooting, walked across the street to the courthouse and surrendered to the sheriff. She is being held in jail pending a hearing.

Miss Encinas told the officers she telephoned Dr. Randall and asked him to call at her home. When he arrived he seated himself in a rocking chair in the living room. Then, Miss Encinas said, she drew a revolver and shot him. "The bullet pierced the doctor's heart and he was killed instantly."

## BANK DEPOSITS SHOW INCREASE

BOSTON, Aug. 31.—Deposits in mutual savings banks of Massachusetts have increased \$50,000,000 during the last eight months, according to figures made public by the Savings Banks association yesterday. The greatest percentage of increase goes to the banks of Middlesex county, those banks increasing 24 per cent, as compared with an average increase throughout the state of four per cent.

## SEN. JOHNSON WINS BY 65,000 VOTES

SAN FRANCISCO, Aug. 31.—Hiram Johnson today was assured of the republican nomination for the United States senate by a margin of more than 65,000 votes. On the basis of the latest returns, the vote in 5751 of 6593 precincts stood: Johnson, 273,762; C. C. Moore, 208,098.

## GIRL KILLS HERSELF

Ended Life With Pistol of Her Sweetheart, a Brooklyn Policeman

NEW YORK, Aug. 31.—Miss Bertha Froelich, 24, a seamstress, killed herself early today with the pistol of her sweetheart, William Herman, a Brooklyn policeman. The lived with Herman's family and the police were told she took the pistol from a bureau drawer while Herman was away.

Members of the family said she had not worked for several months and was despondent because of a chronic illness. She went to live with the Hermans after a disagreement with her stepfather.

## Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no sight so black.

Save them then. Use every precaution. Take no chance.

When sickness comes, as sickness will, remember it's just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use.

Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety as any doctor will tell you. Keep it in the house.

## Children Cry For Fletcher's CASTORIA

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy? why you must insist on Fletcher's? For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

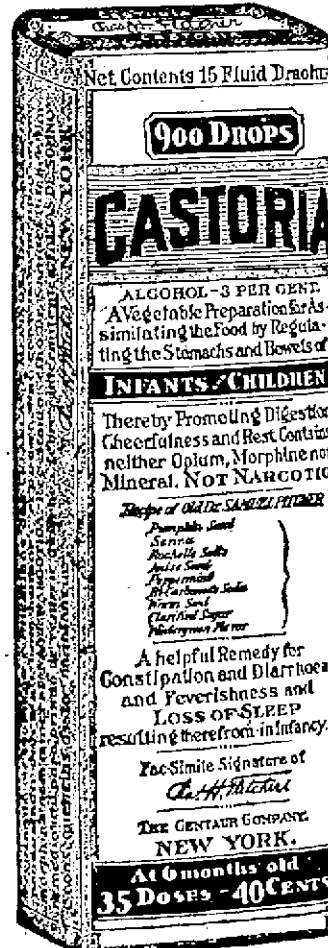

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous. MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

Exact Copy of Wrapper.

THE CENTAUR COMPANY, NEW YORK CITY.

# "Sailor Jack" Is Sure That the Woman Will Come Some Day

THE CABIN WHERE "SAILOR JACK" HOPES TO INSTALL HIS BRIDE, AND (INSET) "SAILOR JACK" HOPES TO INSTALL HIS BRIDE.

BY PHILLIP J. SINNOTT

MAINE, Aug. 31.—Through the long years "Sailor Jack," the mystery man of Oregon, has waited in his lonely cabin in the hills near here for the coming of a bride. Forty years of seclusion, hidden from his fellow men in a pine shack, high up in the hills surrounding Marshfield, with his sole companions an old rooster and three sawn cow, has not dimmed his dreams of romance and matrimony.

"Sailor Jack," now more than 50 years old, has to offer "her" a bridal chamber kept in readiness for nearly half a century. The boudoir lacks the feminine touch, however, for the hermit, so long shut out from the world, has never given.

But still "Sailor Jack" dreams of a bride, perhaps the one he deserted, perhaps another. For, he says, a man who has lived all his life in the open is never too old to marry.

Impassible fire of his hills, a bed from the same fire and a redwood washstand compose the furniture, except for one clumsy cedar chair.

The backyard is filled with firs and redwoods, rising more than 200 feet straight from the back door. The bride's view from her front window will be down a cliff a thousand feet high, and on either side will be still more towering trees.

So sure is "Sailor Jack" that she will come that each morning he wends his way down the narrow path through the trees to the logging road (his only connecting link with civilization) to meet her. He has made the daily trips for 40 years—over since he deserted a bride at the church door in the little settlement here—a bride whom he left waiting while he disappeared into foreign countries.

A year afterward, he returned and cleared a narrow patch among the trees. He built a shack of four rooms, more than enough for the future and but he was counting on the future and a wife. His sawn cow, abandoned bride even. He pleaded forgiveness. It was never given.

But still "Sailor Jack" dreams of a bride, perhaps the one he deserted, perhaps another. For, he says, a man who has lived all his life in the open is never too old to marry.

## PROGRAM AT HOWE STREET PLAYGROUND

The closing exercises at the Howe street evening playground were held Tuesday evening between the hours of 7 and 8. The program was as follows:

a. Basketball Relay, Younger Girls

Pie Race, Older Boys

b. Potato Race, Younger Boys

Community Singing, "Star Spangled Banner"

Prizes were awarded to the winners of the games and races.

## AUTOMATIC SPRINKLER DID GOOD WORK

The automatic sprinkler in the establishment of the Dupkin Press in Shattuck street did just what it was expected to do last evening when it extinguished a blaze which threatened considerable damage to the plant.

The blaze was discovered by Joseph Tachon, 95 Paige street shortly after 7 o'clock and he rang in an alarm from box 41, but before the fireman reached the premises the sprinkler went off and a heavy curtain of water put out the fire. The damage to the Dupkin plant was not serious, but the printing establishment suffered considerably from water, which leaked through the floor, and which is believed to have rendered many of the batteries useless.

## TROTZKY'S WIFE

At first glance one might think this a photo of a modern dancer, but who's the wife of Leon Trotsky, Russian leader. It was taken at the palace in Petrograd.

## MISS ECKLUND HONORED

The home of Mr. and Mrs. Elmer V. Ecklund, 22 Kensington street, was the scene of a merry gathering Monday evening when their daughter, Miss Grace M. Ecklund, who is soon to become the bride of Mr. Edward Park, was pleasantly remembered by about seventy of her friends. Miss Margaret K. Tobin in a most little speech in behalf of friends in general presented the fair bride-to-be with a beautiful imported dinner set, then followed Miss Katherine L. Reynolds, chairman of the members of the Lay State Social club, of which the recipient is secretary, presenting a substantial purse. A variety musical program was carried out. Piano selections, Miss Josephine Murphy and Miss Anna Ecklund; songs, Mr. Elmer Ecklund and Miss Margaret K. Tobin; violin and violin selections, Miss Grace and Mr. Eric Ecklund; dancing specialty, Miss Bertha Ecklund. Games were played and refreshments served. The party broke up at a late hour, wishing happiness unending to the bride-to-be. The success of the affair was due to the untiring efforts of Miss Margaret K. Tobin and Miss Nellie E. Koville.

## GREEK PAROCHIAL SCHOOL

The Greek parochial school in Worcester street will open its doors for the fall term next Monday. The children will be assigned to their classes, the parents will be given an opportunity to inspect the school and then adjournment will be taken until the following Wednesday, at which time the teachers and pupils will get right down to real work. The school will be in charge of Peter Soultis and Mrs. Galaten Soultis.

## WILL SELL HOUSES AT PUBLIC AUCTION

At a special meeting of the park board held yesterday afternoon, it was decided to auction off the houses on the land acquired in First street, said land to be used for park purposes. Three or four houses will go under the auctioneer's hammer. No one would say they must be sold at auction. Superintendent Kerann called for sealed bids on the buildings. At 4 o'clock, the time at which the bids were to be opened, none had been received. Commissioner Rountree moved that the buildings be sold at auction on the afternoon of September 7 at 3 o'clock. He also voted that the work should be done by Walter Guyette. Committee member McKay proposed the name of Thomas Kelley as auctioneer. Mr. Rountree insisted upon Mr. Guyette. Commissioner Gracino, who was acting chairman, voted with Mr. Rountree and Mr. Guyette was chosen.

The city solicitor presented certain votes asking for power to notify owners of lands and buildings recently acquired. The votes were passed without opposition.

Secretary Rountree was also authorized to send out letters to property owners whose places have been seized recently notifying them of the amount of money that will be paid for each place. The following will receive letters: John H. Davis, 44 Stevens street, \$1400; Sarah A. Harrison, 422

Stevens street, \$650; Daniel C. Donovan, 126 Stevens, \$600; John Conway, 21 First street, \$516; Martin J. Hart, 253 Merrimack street, \$15,157.50; Vina Strauss, 510 Chalmers street, \$600; Frieda Nannay, 230 Fletcher street, \$1200; Edward L. Childs, 256 Gibson street, \$1150; Harry F. McGuire, 13 Varney street, \$700; George A. Byam, 97 Central street, \$2400; Lucien C. Holmes, 215 Parker street, \$700.

## DRAWING CONTEST

The drawing contest, organized recently in connection with the field day of St. Andrew's parish of North Billerica, was brought to a close last evening, the winners of the various prizes being as follows: \$150 radio set, Miss Mary McElligott, North Billerica; picture, Mrs. E. Condon; electric lamp, Miss Josephine Dunn; electric iron, Frank Higgins; vase, Miss Mary R. Harrington; rosary, Mrs. C. J. Nugent; pair of blankets, Mrs. Joseph Hanson; electric lamp, James J. Campbell; \$5 gold piece, Miss Margaret Nugent, North Billerica; silk umbrella, John J. Jordan.

## REGISTRATION IN WESTFORD

The last opportunity for voters of Westford to register for the state primaries will be on Saturday when the registrars will hold a continuous session from 12 m. to 5:30 p. m. in the Centre village. Tomorrow registration will be held at Granville. For the first time in its history Westford will this year have precinct voting.

## FUEL ADMINISTRATOR

Herbert R. White of High street, Chelmsford has been appointed fuel administrator for the town of Chelmsford by State Fuel Administrator James McGowan. Mr. White will succeed Paul Dutton, who has declined to serve.

## MIDDLESEX NORTH POMONA GRANGE

The first meeting of the season for members of Middlesex North Pomona grange will be held tomorrow in Old Follows hall, Bridge street, and it is expected that members from this city and neighboring towns will be in attendance. The forenoon meeting will open at 10:45 o'clock and will be of a business nature. At noon dinner will be served and in the afternoon Dudley Page will give a lecture on "Alaska," while there will be entertainment furnished by Mrs. Percy J. Wilson, soprano, and Miss Virginia Byam, reader.

## BACHELOR PARTY

An enjoyable bachelor party was tendered to Thomas Delmore at Cole's inn last night by a group of friends. Mr. Delmore is soon to marry Miss Alice M. Dacey, daughter of Mr. and Mrs. James Dacey of Andover street, in 1852 and 1854.

## BROTHER AND SISTER REUNITED

After a separation of 32 years, Mr. Patrick Ryan of Brooklyn, N. Y., a veteran of the Spanish-American and World wars, is visiting his sister, Mrs. William J. Condon, of Sixth street. During all these years Mrs. Condon believed her brother dead as his name was published in the list of those reported killed in action during the Spanish-American war. Only recently Mr. Ryan, by a coincidence, came across his brother, Edward, in New York. Mrs. Condon had six brothers, four of whom she supposed were dead.

## FOR MEMORIAL HALL

Mrs. Hattie F. Morse of 16 Wright street has donated to the Memorial Hall collection a diary kept by her grandfather, David S. Clarke, engineer on the U.S.S. Tennessee during the Civil war, and a brass drip pan from the ship's galley. The diary contains a very interesting account of the work done by the Tennessee on the Mississippi river in 1862 and 1864.

# CERTO

## The Key to Perfect Jams and Jellies

Anyone can now make any kind of jam or jelly from fresh or canned fruits, and all kinds of bottled fruit juices. No previous experience is necessary. The Certo Short Process is simple, quick and sure. You can transform a bottle of grape or other fruit juice into perfect jelly in 10 minutes. Unlike the old long-boiling method, the Certo Short Process preserves the original color and flavor of full ripe fruit. Certo makes one-half more jam or jelly from same quantity of fruit because no juice is boiled away. Used by experts and housewives everywhere. Get a bottle from your grocer with free Recipe Book or write for extra copies to

Pectin Sales Co., Inc.  
560 East Avenue, Rochester, N. Y.

Mother Nature's year-round jelly maker

## U. S. ULTIMATUM BRINGS CRISIS

**Zayas Government in Cuba Given Ten Days in Which to Act on Program**

**Program Submitted by Gen. Crowder Calls for Enactment of Five Laws**

HAVANA, Cuba, Aug. 31.—The Zayas administration today was faced with a crisis following the receipt of

an ultimatum yesterday from Major General Crowder, representative of the United States, giving the government ten days in which to act on the legislative program submitted by him and approved by Secretary of State Hughes.

The program calls for the enactment of five laws providing for the reforms in the government's accounting system, suspension in part of the civil service law, the clearing up of current indebtedness, judicial reforms and the nationalization of a foreign loan.

Gen. Crowder after months of waiting, has threatened to return to the United States and report to the state department unless there is some action within the specified time.

Gen. Crowder made no threat of intervention in delivering his ultimatum, but it was the cause of hurried conferences between President Zayas and congressional leaders, and the house of representatives declared itself in permanent session for the purpose of enacting the laws, which action has been repeatedly requested in presidential messages.

## Coal Miners Back on Jobs

**Continued**

made complete yesterday when the lone remaining producer—the Pittsburgh Coal Co.—accepted the Cleveland agreement.

**To End Hard Coal Strike**

PHILADELPHIA, Aug. 31.—Settlement of the anthracite strike within 24 hours was forecast today by men in close touch with both sides. Operators were in a secret conference at the Ritz Carlton hotel early today, it was declared, while across the street at the Bellevue-Stratford John L. Lewis, international president of the United Mine Workers and other union leaders were gathered. The hard coal mines will have been idle five months tomorrow.

**Tipple of Mine Damaged**

PITTSBURGH, Aug. 31.—The Tipple of the Schenck mine near Oakmont was destroyed by a dynamite explosion

early today with an estimated loss of \$1000. About the same time the tipples at the mine of A. L. Samson, not far away, was damaged by a similar explosion. The mines were reported as non-union basins.

## State Police Officers Leave

**Continued**

the strikers that they were in the town to protect all interests. It is said that the officers have two or three automobiles at their disposal and they are having a great time riding around the town.

Wives, daughters and lady friends of the strikers, who will be at leisure next Saturday and who would like to lend their assistance to the strike committee, are requested to report to Walter H. Chandler, chairman of the committee, in room 19, Odd Fellows building, Middlesex street, tomorrow. The women will not be asked to go on the picket line, but they will be requested to get busy on tag day, which will be conducted in this city and Haverhill Saturday. The committee is in need of several hundred active young women and they hope the response to their appeal will be satisfactory.

Twenty thousand tags bearing the inscription "Tag Day Benefit of B. & M. Strikers," have been received at headquarters and today a large crew of men were kept busy putting them in shape. These tags will be placed on sale on the various streets of this city and Haverhill early Saturday morning and the sale will be conducted until late in the evening. The price per tag will be what one can afford to give and the proceeds of the day will go towards swelling the strike benefit fund.

## No More Amesite

**Continued**

foreman on the work and that this expert shall be paid by the city. It is possible that the expert has not been paid yet, but that a bill for his services will be rendered after the work has been completed.

Yesterday the mayor released a check of \$7071.20 to the trustees of the Amesite company who are located in New Britain, Conn. This morning Supt. Doherty wrote a letter to the Hartford Construction company, from whence the deliveries have been coming, advising it that the check had been sent. In the letter he stated that the last shipment of Amesite had been received here on Friday, Aug. 25. He also ordered the company to ship seven carloads per week.

According to Supt. Doherty, the contract with the Amesite company was entered into some time last June and that it had been approved by both the mayor and the board of public service. He stated that work had been started on Westford street on July 7 and since that time had been completed.

The remainder of the Amesite contract for was to be used on Broadway which is now under construction. Doherty said that the contract called for a payment on August 16 of all Amesite delivered up to the first of August. He said that until yesterday the check had been held up by the mayor and that the company's action in threatening to withhold shipments followed. He said the two experts had been idle for several days owing to the difficulty, and further stated that one of them was receiving \$10 per day and the other \$6.20 per day.

The mayor also said that he could see no reason why the experts should be retained any longer as by this time

the city's men should have become familiar enough with the laying of the Amesite to do the work themselves.

Regarding the delay in shipments the mayor pointed out that the congestion in the railroads might contribute to the delay. He immediately got in touch with local freight officials but was unable to trace the last shipment and to find out whether or not it had been delayed.

## Trying to Trace Gas Odors

**Continued**

The local board of health has been drawn into the matter and is attempting to discover just what causes the smell. Agent Francis J. O'Hara will bring the matter before the local health board at its next regular meeting.

Yesterday Agent O'Hara and Inspector Connors conducted a tour of the gas plant, brought back samples of sewage and followed the sewer from Western avenue through the entire district that is complaining. Agent O'Hara this morning exhibited a sample of the water taken just after it had left the filtration beds of the gas company's plant. It smelled strongly of gas. Agent O'Hara said that he had inspected the entire plant of the gas company and found that the filtration system was working properly. In accordance with the mayor's wishes he made a verbal report of the entire affair.

He said today that he was not positive that the smell was the result of the gas plant. He pointed out that the trunk sewer which started at Western avenue and continued down through Fletcher, Suffolk, Moody and Cabot streets to the Alken street bridge where it dumped into the Merrimack collected the sewage from many different manufacturing plants and that it was possible that something was being dumped in from other plants that caused the odors to arise.

Man holes and catch basins were all inspected in an effort to discover the origin of the gas. Nothing was left undone by the investigators on their trip to locate the source of the gas.

But the residents of Liberty Square point out that investigations avail them little. What they want is the elimination of the smell. One woman stated that the smell was worse in wet weather than it was in dry. She said that last Sunday two of her children were made sick by the odor and that windows and doors were kept closed. In times past, she said, that the smell had been bad but of late it was getting worse instead of better.

## SIX INJURED

**Cylinder Head Blew Out of Hydraulic Press**

ARLINGTON, N. J., Aug. 31.—Six persons were injured, one probably fatally, early today when a cylinder head blew out of a hydraulic press at B. L. DePont Demours & Co., plant here. William Campbell of Belleville, who operated the press, was the most seriously injured.

## DRAMA MART IN FOR PROSPEROUS SEASON

NEW YORK, Aug. 30.—The theatrical slump is mostly ended and the drama mart is in for a prosperous season, according to leading theatrical managers along Broadway. All agreed that the drop of the price scale to pre-war \$2.50 standard from \$4 and \$5 was an important factor in bringing back the public to the theatre.

Many houses show an increase in business of from 15 to 20 per cent. over the same pre-season purchases of last year while seats for opening nights

in many theatres are sold out, a thing impossible to do last season.

## NEW RECRUITS FOR THE NAVY

Four young men, three from Lowell and one from Boston, enlisted in the navy at the local recruiting station in the Fairburn building yesterday, and they left today for their posts of duty. Two, who are former army men, were ordered to Boston, while the other pair went to Newport, R. I. The new recruits are O. J. Planden, of 12 Beaver street, Lowell, and E. J. Fennell, of 841 Moody street, Lowell, ex-army men, and P. Crabin of 52 Fruit street, Lowell, and J. J. Burns of 167 Arlington street, Lawrence.

When You Think of Food—Think of Fairburn's

JOHNSTOWN'S PRETTIEST

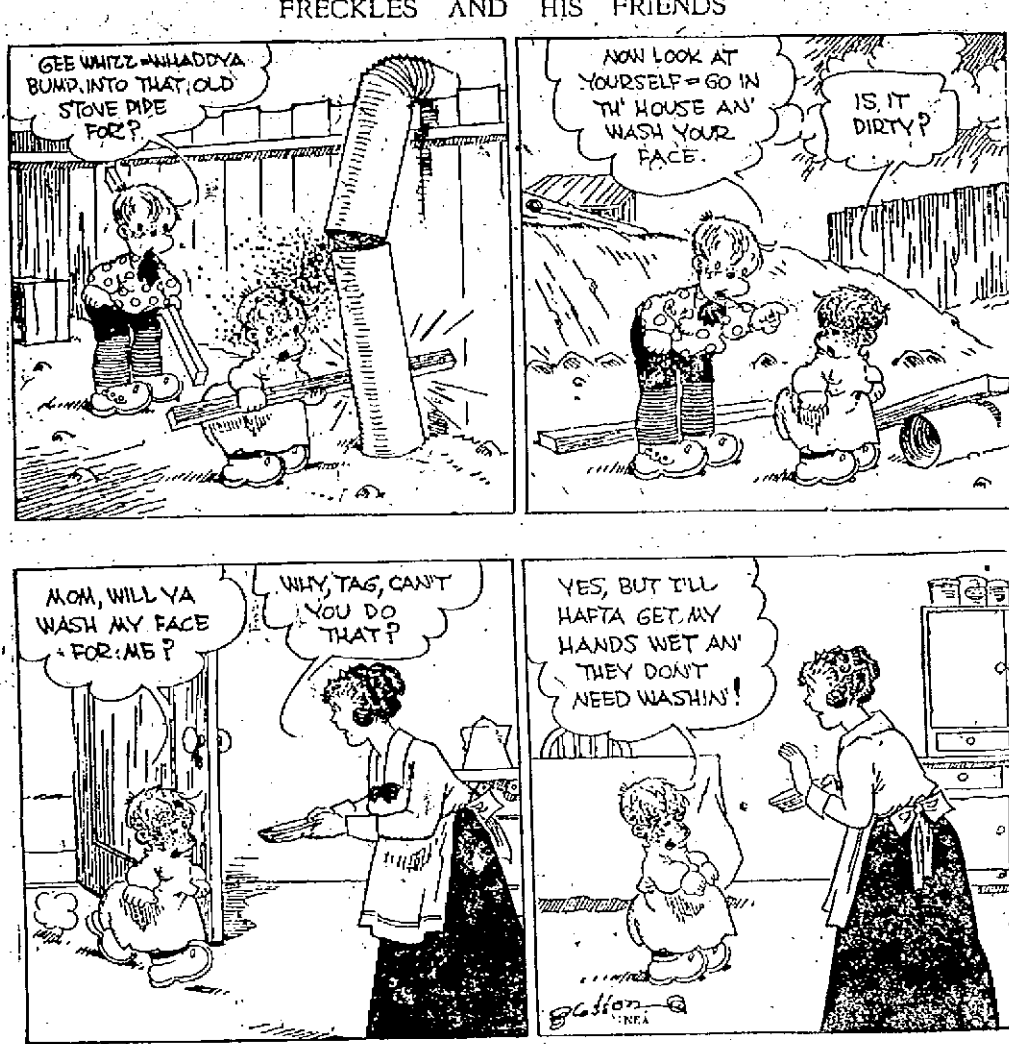

Johnstown, Pa., will be known for more than the famous flood and the more recent flow of beer after the beauty pageant is held at Atlantic City. Miss Velma Ziegler, voted the prettiest girl in Johnstown, will be "Miss Johnstown" in the pageant.

### Accept Compromise on Moratorium

PARIS, Aug. 31.—(By the Associated Press).—The allied reparations commission has decided to accept the Belgian compromise on the German moratorium proposition as a solution of the present crisis, it was learned this afternoon. A formal vote will be taken before the day is over, it was stated. The British, Italian and Belgian members are declared unequivocally to favor this settlement. The attitude of M. Dubois, the French member, was not definitely known when the early afternoon session of the commission adjourned.

### Six British Warships Ordered Scrapped

LONDON, Aug. 31.—(By the Associated Press).—In accordance with the Washington naval agreement, the Admiralty has ordered six large capital ships scrapped. They are the battle cruisers Lion and Princess Royal, and the battleships Orion, Monarch, Conqueror and Erin, all among the most famous warships in the British navy.

### COAL PROFITEERING

Investigation by Dept. of Justice Agents in Boston—Families May Go South

BOSTON, Aug. 31.—Department of justice agents in this city, it became known yesterday, have for a week been quietly working among the men of the coal trade and have accumulated evidence regarding costs of coal to dealers, costs of transportation, delivery and overhead charges, profits obtained, and quantities and the character of the coal on hand.

This activity is believed to be connected with Atty. Gen. Daugherty's investigation regarding possible profiteering.

As rapidly as possible all the information is compiled for submission to the federal prosecuting attorneys.

It has been ascertained that some dealers are charging from \$3 to \$5 a ton more than the Hoover "fair price."

Coke Prices Investigated

Prices of coke also are given consideration. One big concern which makes what it claims is a superior coke has always charged about \$2 a ton more for its product than the gas companies charge for theirs.

Efforts have been made to induce the public utilities commission to use its powers to prevent gas companies charging exorbitant prices for coke.

It is estimated that a big independent company which sells its products to other companies and not direct to the people is boosting the price of its coke on the plea that the price of anthracite coal has gone up, while a much longer fact, it is claimed, it manufactures its gas from bituminous coal.

Householders are being urged today to buy coke and pea or buckwheat coal to be used together. It is claimed that a fire in a heater built on a base of coke-topped off with pea or buckwheat coal is as good, if not better lasting, than a straight anthracite coal fire.

Efforts of the fuel administrators at present are directed chiefly to securing a supply of fuel, and it is planned, after a supply has been obtained or has started, to begin operations to bring the prices down.

May Send Their Families to Florida

Numbers of householders have informed members of the fuel committee it was learned yesterday, that they will close their houses for the winter rather than pay the high prices for the inferior fuel to be had.

Word has come that some will send their women folk to southern climates this winter and themselves live in furnished rooms in lodging-houses and board in lunchrooms until the emergency has passed.

Some of these men say the price of a winter's supply of fuel under present conditions will be sufficient to defray the expenses of the women of a household on a trip to Florida.

The matter of securing living quarters in Florida has been solved, it is said, by the annual custom of thousands who camp out in tents in Florida all winter.

Members of fuel committee declare this spirit of the people will soon win the fight against the coal profiteers.

GOOD STOVE LINING IS IMPORTANT NOW

You'll get more heat out of your stoves by covering the gaps and cracks with our stove lining which is mixed with NEW Asbestos, its any stove and will not burn out. As it saves fuel and avoids trouble with cinders and slag in the fire pots, its economy is obvious.

### GIRL NOW WELL AND STRONG

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio.—"My daughter always had backache and leg-ache at certain periods and could not be on her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound doing girls so much good so she began to take it. That is two years ago and she is a different girl since then able to do any work she wants to do although she is still careful not to do heavy work—and so well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial."—Mrs. A. M. BURKHOLDER, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely.

Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Burkholder's daughter.

MOTHERS—It is worthy of your confidence.

VELVET FROCKS

Draped velvet frocks increase in number as the season advances. This year's velvet is so soft and supple that it is the ideal material for draping into the fashionable lines of the present.

HARMONY

Draping hats are most appropriate for wear with the long draped gowns. They are becoming and picturesque and bring a gown into correct harmony with one's figure.

**Alleged Slayer Attacked By Crowd**

PORTLAND, Me., Aug. 31.—Ernesto Vosali was attacked today while being taken across a lane from the police station to the municipal court in the basement of the county building for arraignment on the charge of murder for the killing of Mrs. Rose A. Galli, yesterday. With cries of "Kill him! Lynch him!" more than a score of men led by a man said to have been a relative of the young woman, broke from a crowd of 250 persons held back by police lines and rushed toward him. The leader who was arrested after a struggle with the police, was alleged to have hurled himself upon the handcuffed prisoner.

**Simultaneous Reduction of Armaments**

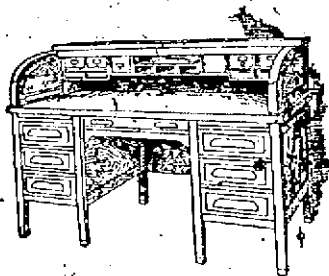

GENEVA, Aug. 31.—(By the Associated Press)—Lord Robert Cecil's plan for regional agreements for continental pacts for mutual guarantees of security and simultaneous reduction of armaments was approved today by the League of Nations' sub-committee which has been considering the armaments question in preparation for the meeting of the assembly of the league to begin next week. Probable adoption of this plan by the full committee is forecast.

**CIVILIAN GREEKS FEAR MASSACRE**

Those in District Invaded by Turkish Nationalists Following Greek Army

Turkish Reports Indicate Heavy Fighting Around Afium Karahissar

SMYRNA, Aug. 31.—(By the Associated Press) Reports from the Greek battle front last night were to the effect that there was little change in the positions of the contending forces. The civilian Greeks and Armenians in the district invaded by the Turkish Nationalists are following the Greek army, fearing a massacre. It is reported that Christian refugees caught on the way have been slain by the Turks.

Heavy Fighting  
CONSTANTINOPLE, Aug. 31.—(By the Associated Press) The first two communications issued by the Turkish Nationalists on the battle centering around Afium Karahissar indicate that the fighting was extremely heavy. The Turks do not give the number of Greeks taken prisoner, but say they captured considerable booty from the all of Afium Karahissar, although a serious loss to the Greeks in view of the fact that the way connects does not involve the evacuation of Eski-Shehr.

The capture of Eski-Shehr, principal stronghold of the Greeks on the Asia Minor fighting front, was reported yesterday in a Paris dispatch quoting official circles. Smyrna dispatches last night said that fighting continued south of the Afium Karahissar railway, the Greeks, although greatly outnumbered, opposing stubborn resistance to the massed attacks of the Turks.

Greeks Plan New Attacks  
SMYRNA, Aug. 31, 9.10 a. m.—(By the Associated Press) The Greek army in Asia Minor, which has been falling back before the force of the Turkish Nationalist attack, being a wide front, was understood this morning to be attempting local counter attacks, following the arrival of reinforcements in the battle area. These isolated counter drives were soon to be followed by a general counter-offensive on the part of the Greeks, the advisers from the front reported.

**FIRE OUT IN GOLD MINE**

Grim Workers Continue Work in Hope of Releasing Imprisoned Miners

JACKSON, Cal., Aug. 31.—(By the Associated Press)—Fire in the shaft of the Argonaut gold mine in the lowest reaches of which 47 miners have been imprisoned since Sunday, is out, but that fact brought no nearer hope for releasing the men alive. Rescue teams still battle furiously today to open up three routes of escape from the pitch black, smoke choked underground mine and the to the daylight and open air where tortured lungs might drink deep of fresh breezes. Two were through passages which workers had uncovered out from the Kennedy, an adjoining mine, while the third was through the shaft of the Argonaut itself. Announcement that the flames were subdued added hope to the gray-faced groups who wait in shifts at the entrance of the pit and gave new strength to the grim workers battering at the rock walls in subterranean passages.

KITE-FLYING CONTEST  
The kite-flying contest and the girls' track meet, post-season playground events, will be held Friday afternoon at Shedd park, according to Arthur Sullivan, supervisor.

If you want to buy, sell, rent or exchange anything, try "The Sun" classified adv.

**Final Vote on Bonus Bill Continued**

ed the subject with him yesterday said they gained the impression that the addition of the bonus to the payment of the bonus out of the interest on the foreign debt had made the bill even more objectionable than it was in its original form.

Says Obligations Met

Again yesterday the possibilities of a veto ran through Senate debate. Senator McCumber, republican, North Dakota, in the charge of the measure, contended that as reported, the proposed legislation met the objections heretofore expressed publicly by the president. He added, however, that he did not know what new objections might present themselves.

Senator Borah, republican, Idaho, an opponent of the bonus, disagreed with Mr. McCumber and referred particularly to Mr. Harding's request for postponement until industrial and financial conditions had reached a more normal state and his disapproval of "piecemeal" payments.

All proposed changes were rejected by decisive majorities, first the Bureau amendment to pay the veterans half cash immediately and the remainder in five years was voted down, 41 to 27. Then, without a rollcall, the Smoot proposal to pay the bonus with a manufacturers' sales tax was disagreed to.

Senator Smoot argued at length in favor of his plan to give each veteran a paid-up life insurance policy, maturing in 20 years or sooner or at death, but this was rejected, 46 to 18. Before offering it the Utah senator eliminated the sales tax provision.

The Bureau amendment was supported by 16 republicans and 11 democrats and was opposed by 31 republicans and 13 democrats. The Smoot insurance amendment received 15 republican and three democratic votes in opposition. With the rejection, 55 to 3, of an amendment by Senator France, republican, Maryland, contemplating the donation by the veterans of part of the proceeds to the establishment of educational institutions and hospitals over the country, the bill was thrown open to general debate with the 20 minutes' limitation removed. Senator Thorndike, republican, California, spoke for an hour and a half in support of the measure.

**MISERABLE FOR TWO YEARS**

"Fruit-a-lives" Restored Her Strength and Vitality

MOLDOVSKY, CARROLL CO., N. H.  
"It was all run down and work was burdensome owing to indigestion, and eggs on my stomach which caused me to belch a good deal. My heart seemed to be affected."

It was two years ago that I was in this condition and began the use of "Fruit-a-lives", which proved the very remedy I required. I was freed of the indigestion, which I attributed to my heart, and I can conscientiously recommend "Fruit-a-lives" the great Fruit Medicine."

**POLITICAL NOTES**

The campaigners for Joseph E. Ely will be heard here tonight in support of his candidacy for nomination for governor on the democratic ticket. Mr. Ely will be accompanied by several speakers from the western part of the state.

Sherman L. Whipple, candidate for the democratic nomination for United States senate, will address rallies Friday night, Sept. 1, at Lowell, Lawrence and Haverhill. Mr. Whipple will make his address from the city hall steps and will discuss the record of Senator Henry Cabot Lodge and the republican administration. This will be Mr. Whipple's first public appearance in Lowell. Lawrence and Haverhill, since announcing his candidacy, and special preparations are being made by the supporters of Mr. Whipple. Mr. Whipple will be accompanied on his tour by Mayor James M. Curley, Hon. Thomas Boynton, former United States district attorney, Hon. Joseph F. O'Connell, Judge Thos. F. Riley and others.

Col. Gaston, candidate for the democratic nomination for United States senator, is making vigorous attacks upon the more prominent features of the tariff bill, and particularly the wool schedule. The Gaston men will soon hold a big rally here.

Councillor John J. Queenan is among the most active workers in support of Col. Gaston's candidacy for United States senator.

**Purcell's Campaign**

William C. Purcell, registrar of deeds, is making a quiet canvass of the district and is receiving a most cordial reception wherever he goes. The office of his office is appreciated by the people. He has given them real service. The facilities for looking up titles and recording deeds is greatly appreciated by all those who have had such business at the registry.

**AT THE LINCOLN STREET PLAYGROUND**

The closing exercises of the Lincoln street evening playground, conducted throughout the summer under the auspices of the chamber of commerce, were held last night in the presence of a large crowd of interested spectators. Under the direction of Supervisor Miss Sadie Melanson and her assistant, Miss Laura Edmonds, the following program was particularly well given by the young children patrons of the playground: Baseball of the senior girls; and senior boys; folk dancing by junior girls; solo dances; novelty stage dance, Mable Gennell; exhibition jazz dance, Manuel Diaz; Highland fling, sword dance, Elizabeth Perry; singing games, junior boys and girls; Looey Lee, Farmer in the Dell, Cat and Rat, Lasso, freestyle race, junior boys and girls; three-legged junior boys and girls; pie race; skirt dance, Doris Clark; Star Spangled Banner, assembly.

**AT SALEM WILLOWS**

"Claims and Aims of Labor" will be the topic that Rev. James I. J. Corrigan, S. J., professor of ethics at Boston College, will speak upon at the Salem Willows on Sunday afternoon, September 3, under the auspices of the Salem Central union. It is expected that a large local representation of those interested in the labor situation will attend.

Continued

assaults since the shopmen's strike began.

State troops on strike duty at Salisbury and Spencer, N. C., were ordered back to their home stations today.

**Bunkhouse Under Fire**

Four men, two of whom were said to be deputy United States marshals, were attacked by a crowd and severely beaten at Sedalia, Mo.

Guards on the Northern Pacific at Missoula, Mont., were reinforced by a squadron of deputy United States marshals following an attack on a bunkhouse where 25 workmen were asleep. Although a volley of shots was fired into the bunkhouse, none of the sleeping men was injured.

Although preparations were made to reopen the shops of the Missouri Pacific and the Missouri, Kansas & Texas railroads at Sedalia, Mo., the Missouri Pacific roundhouse and shops at De Soto, Mo., remained closed, the management announcing that operations had been discontinued indefinitely.

**Railroad Bridge Damaged**

WILMINGTON, Del., Aug. 31.—The Pennsylvania railroad bridge at 14th street here was damaged by an explosion early today. Dynamite is believed to have been used.

No trains were due at the time, but a passenger train due 20 minutes later was held up for an hour until the track could be repaired. Guards at the railroad shops nearby hurried to the scene.

**Priority Orders**

WASHINGTON, Aug. 31.—Railroads west of the Mississippi river are authorized today by the interstate-commerce commission to give preference and priority to the movement of foodstuffs, livestock, perishable products and fuel, whenever their operating conditions become such as to cause freight congestion or blockade.

The order declares an emergency, and laid down rules for the conduct of the western lines identical with those which have been in effect on railroads east of the Mississippi river for several weeks.

**Wharton Denies Charge**

CHICAGO, Aug. 31.—Emphatic denial of charges that he is serving not only as a member of the United States railroad labor board, but also as president of the striking shop crafts organization, was made today by A. O. Wharton, one of the labor members of the board.

Mr. Wharton made the report when informed of a despatch saying the charges would be contained in an article in the September 2 issue of a New York magazine, quoting another member of the federal arbitration body as saying "the shopmen's strike was engineered from inside the labor board."

tion, was made today by A. O. Wharton, one of the labor members of the board.

Mr. Wharton made the report when informed of a despatch saying the charges would be contained in an article in the September 2 issue of a New York magazine, quoting another member of the federal arbitration body as saying "the shopmen's strike was engineered from inside the labor board."

**Road Goes to Receivers**

CHICAGO, Aug. 31.—The Chicago & Alton railroad was placed in the hands of receivers in federal court yesterday by Judge Garfield W. G. Bied.

According to a statement by Silas H. Strawn, appointed counsel for the receivers, the receivership was precipitated by the great falling off in the earnings of the company, due to the coal strike and by the extraordinary expense due to the shopmen's strike.

The suit resulting in the receivership was filed by the Texas company of New York and Chicago, a creditor with a claim of about \$22,000. At the offices of Mr. Strawn, it was stated that the receivership will not in any way change the operation of the road's trains.

## THREE THINGS SPRINTER NEEDS

CHARLES PADDOCK

Feet-est-footed man in the world, showing Richard Atwell and Robert Merion, two youthful track hopefuls, how to crouch, for a racing start.

BY JACK JUNGMEYER

PASADENA, Cal., Aug. 31.—Boys, here are some valuable tips on running from Charles Paddock, feet-est-footed man in the world.

In his home town here he's the hero of all the youngsters. He's instructing a lot of them how to race, and among them, he says, he expects it won't be long before two or three are starting after his own record of 23.5 seconds for the 100 yards.

Charles began sprinting when he was 14. Now he's 22. "Three things go to make up a good sprinter," he says. "1. Natural ability—a combination of energy, balance and rhythm, with which some boys seem to be born. 2. Development—learning the tricks of the game. 3. Condition—keeping in good health."

How to Excel "Of course, any boy, regardless of natural ability, can improve his speed by developing and keeping fit. For those who want to excel, it is important to learn—

"1. To start. "2. To stride. "3. To finish. "The best starting position is the crouch, poised on fingers and toes, an attitude which Jack Donaldson, the great Australian runner, learned from watching the kangaroos in his own country."

AMATEUR BASEBALL The Cubs would like games with the Emerald Seconds and the Crescents.

The Hamblers will play the Carlises Sunday at 2 p. m. on the Chamber street playground. The Hamblers line-up will be as follows: Galt, J. Clennan, C. Finnell, B. Carroll, D. McVey, S. Neilan, B. Moyle, J. Sullivan, C. and Baxter Jr.

As the Varnum Independents failed to come to terms for a series of games with the Emerald Seconds, the annual has been called off. The Varnum backed out of the \$10 agreement, saying that they could not make the agreement. The Emerald season will close a week from Saturday after a most successful schedule, having won 36 games and lost but 7. They claim the 11-13 year old championship of the city for the second time in two years.

The Appletons would like to play the Emerald Seconds Friday afternoon on the South common. Will the Emerald manager please call 6652-J and ask for John Corcoran?

A further statement from the Ap-

"Running consists of a succession of arrested falls forward."

"The sprinter's body is poised just at the edge of falling. At the crack of the pistol he lunges forward, catches himself swiftly and is off in his first stride."

Lift Your Knees "If he has started properly, he comes out of that first jumping stride low, pulling his body upward and swinging his arms, to help his legs. "Always remember to lift your knees high as you run."

"The higher you lift them, the longer your step and the more power as you shoot your feet forward. "That's all I think about when sprinting—just to keep my knees coming high. The body automatically does the rest."

"Then the runner nears the finish. He sees the tape ahead. His rival may be just inches ahead or behind. The final few strides count."

There are three distinct finish strides—

"1. The lunge, introduced by Bernie Webers, once world's champion, which is accomplished by throwing the arms back spurtly and the chest out, thus pitching the runner forward sharply at the last jump toward the tape."

"2. The shrug, introduced by Arthur Duffy, another champion, in 1903, by which the runner throws his side and shoulder at the tape, gaining a few inches at the finish."

"3. The jump, which I introduced myself, by which the runner literally jumps himself from the ground, with his feet low, as in the running broad jump. I cover 15 feet in this fashion on my last stride."

Take Your Choice "The runner will adopt whichever of these finishes is best adapted to his style, after lots of practice. "The boy of 12 to 14 who can run 100 yards in 12-2.5 seconds, or the 50 in from 7-1.5 to 7-2.5, is an exceptional sprinter, with all kinds of possibilities."

"The trouble with most boys is that they don't run naturally. They hold themselves too tightly, too stiffly, they're too conscious of being watched. "Men are the same way. Watch one as he runs for a street car—usually, unconcerned and hair-heated—a kind of shame at violent activity."

Push Yourself Forward "Try to feel your real self behind, pushing you forward—not pulling, from ahead. Then you'll fall naturally into a natural powerful stride. "And don't feel discouraged if you don't win right away, or even if you never win, for running is a great deal more in itself of both body and mind. It's quite enough excuse for it."

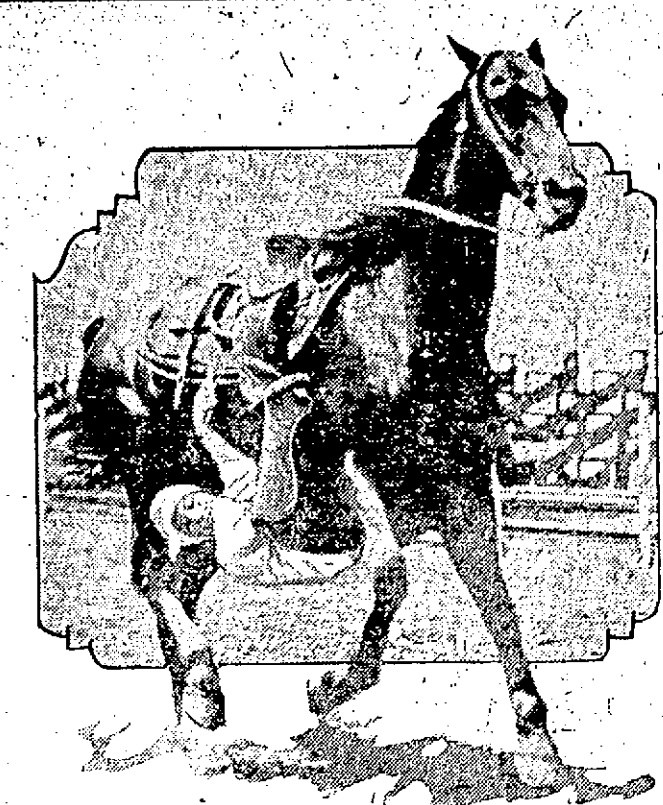

WOMEN GOLF STARS MEET EASTERN POINT, Conn., Aug. 31.—Women golf stars met on the Shennecossett Country club course today in the second round of the women's invitation tournament. Miss Glenna Collett of Providence, R. I., played Miss Edith Cummings of Chicago. Mrs. Albert Taylor of the Pompano club met Mrs. Dorothy C. Ford of Belmont, Springfield, Mass. Ronald Harlow of Philadelphia had as her opponent Miss Anita Lihme of the Misquament club, and Mrs. J. B. Ruse of Seabrook met Miss Betty O'Gorman of the Malcommet club.

POST SEASON SERIES NEW HAVEN, Conn., Aug. 31.—A post season series of three games between the Baltimore Orioles and the New Haven team, was arranged yesterday by President Weiss of the latter club. This will bring the winners of the Eastern league and the winners of the International league together here beginning Sept. 25.

TO PROBE RECORD OF TUT JACKSON NEW YORK, Aug. 31.—Chairman William Muldoon of the New York State Athletic commission has started an investigation into the record of Tut Jackson's pugilistic performances.

Jackson, who was knocked out by Harry Wells, Dempsey's negro challenger in the third round of a contest at Ebbets Field Tuesday night, was the subject of exaggerated advance claims, both as to his specifications and record. Muldoon declared.

Booked as scaling 200 pounds and 6 feet, 1 inch tall, the Ohio negro tipped the beam at only 155 and proven to be but 5 feet 10 inches in height.

SHE'S CHAMPION TRICK RIDER

Bonnie Gray is a graduate of the University of Idaho and a postgraduate of the University of Chicago, but she didn't learn the above trick at either school. She won the women's championship of the world for trick riding at the Pike's Peak rodeo.

## YANKEES HOLD SLIM LEAD

Scott's Brilliant Fielding and Ruth's 28th Home Run Big Factors in Victory

Giants Beaten, But Hold Six and a Half Game Lead Over the Cubs

NEW YORK, Aug. 31.—Battling to hold their slim advantage over St. Louis in the American league, the New York Yankees, outbait by Washington, pulled out a 5 to 4 victory with the aid of some brilliant fielding, especially by Everett Scott, who handled eight chances perfectly.

Babe Ruth poked out his 28th home run, the only four behind the three leaders—Walker, Ken Williams and Hornsby.

The Giants, despite a 10-3 trouncing at the hands of Brooklyn in the first game of a series at Ebbets Field, retained their six and one-half game lead over the second place Chicago Cubs, who dropped a 10-inning battle to St. Louis, 5 to 4.

Neph, McGraw's southpaw crack, was battered off the mound before a man was further depleted when Coveleske and Merion joined Bagby on the sick list.

Close decisions marked the other major league encounters. Glazner blanked Cincinnati 2 to 0, and put the Pirates back in the first division. Philadelphia and Boston split a doubleheader, the Braves taking the first, 2 to 1, and the Phillies the second, 5 to 4 with pitcher Lefty Weaver scoring four of his ten runs.

Chicago's 2 to 1 victory over Detroit in the 11th inning while Pratt's homer gave the Red Sox a 5 to 3 decision in 10 innings over the Athletics.

## SARATOGA CLOSES TURF SEASON

SARATOGA SPRINGS, N. Y., Aug. 31.—Saratoga will close its turf season today with the running of two of its most historic events, the Hopeful stakes, for two year olds, and the Saratoga cup, a handicap race at a mile and six furlongs.

The Hopeful, which has a value of \$45,000, will attract one of the fastest fields of juveniles in the country this season, judging from the entry list. Fourteen have been nominated, including Harry Payne Whitney's leading colt, George, and Mrs. Payne Whitney's Barbary Bush, S. S. Goden's Dunlin and Martindale and Hancock's Stables Zev and Curtis.

## CARPENTIER TO RETIRE FROM RING

PARIS, Aug. 31.—(By the Associated Press) Announcement comes from London that Georges Carpentier, Europe's heavyweight champion, will retire definitely from the ring within six or eight months. This has created only mild interest in Paris, where Carpentier is not the idol of old among the fight fans, who rightly or wrongly charge him with selfishness and exaggerated ego.

One caution newspaper critic hints that Georges may be automatically retired before six months, referring to his coming bouts with Battling Siki and the winner of the Joe Beckett-Frank Moran bout.

HARVARD FOOTBALL COACHES CAMBRIDGE, Aug. 31.—Associate coaches of the Harvard varsity eleven have been announced today by Head Coach Bob Fisher. They include Dr. Derris Parmenter, who will coach the candidates for center, Robert M. Pedewick to train candidates for tackle, and Winslow B. Felton, former quarterback and former captain Billy Murray, who will look out for the field generals. Jimmie Knox again will develop the second team.

Captain Charles Buel, who was in conference with Coach Fisher yesterday, said fall practice will begin Tuesday.

## MOODY CLUB

Crescent Rink, Labor Day Night. Phinney Doyle vs. Louis Hamlin. Jimmy Deane vs. Benny Nelson. Kid Desrosiers vs. Danny Murphy. Young Hancock vs. Tommy Carling. Prices: \$1.00, \$2.00, \$5.00, including Tax.

## 145 ENTERED IN MATCH FOR GOLF CUP

One of the most select fields in the history of American golf will take off in the qualifying round of the National Amateur championship at Brookline, Mass.

A complete list of the entries discloses that every section of the country will be represented, in addition to the British Isles, through a team of eight players whom English-

## GRAND CIRCUIT RACES

Futurity Day at Readville—

Peter Manning Sets New Track Record

READVILLE, August 31.—Futurity day at the Grand Circuit meeting on the Readville Park track today brought together crack three-year-old trotters in competition for the American Horse Breeder stake. The purse is \$4600. Helen Dillon, 2:08 1/2, winner of the Junior division last year, 2:05 1/2, which won the Horse Review purse a year ago and Peter Earl, 2:05 1/2, were among the entrants.

In the 21st renewal of the Blue Hill \$1000 purse, Great Britain, 2:03 1/2, Jane The Great, Colorado, Emma Harvest, Bonnie D. all 2:04 1/2, and Escott, 2:05 1/2, and Tavanian 2:05 1/2, were entrants.

Tommy Murphy was to drive Hill Shaver in the 21st trot for a \$1000 purse. Another feature event of the third day was the Napanet 2:04 pace for \$2000.

Yesterday, Peter Manning broke another track record negotiating a mile in 1:59 1/2, one quarter of a second faster than the former trotting mark for the track, held jointly by Peter Manning and Lou Dillon.

Czar Worthy, driven by Thomas W. Murphy, won the Massachusetts stake, valued at \$2000, in straight heats but the gelding was forced to his limit in every heat by Peter The Brewer, the fastest being so close in the first and third heats that the result was in doubt until announced by the judges.

Walter Cox drove two winners, Abbeville, 2:07 1/2, in the Blue Hill stake for 211 pacers, while McGraw, 2:07 1/2, the Great, the largest money winner on the Grand Circuit in 1920, disposed of 2:07 1/2 in the Blue Hill stake. The horse could not stall off the final push of Mainville in the final heat. The two-year-old trotting event was no more than a romp for Broadway, 2:07 1/2, who never being extended at any point of either mile and always winning with plenty of speed in reserve.

The sumo stakes, 2:07 1/2, will live long in the baseball annals as a mute testimonial to the part that slugger now plays in the modern game.

On that note, the home runs were made in the American and National leagues, thereby piling up a new home-run record for the day in the minors, or any other league, for that matter.

Pittsburgh and Philly The National league played the more prominent part in the home-run festivity, making 44 circuit drives, of which 10 were on the credit of the Pittsburgh team and an equal number to the Phillies.

The American league was responsible for four of the 10 home runs. No single player in the American league contributed more than one home run. In the National, Henline of the Phillies and Ensey of Pittsburgh chalked up a pair.

Fifteen or 20 years ago 31 home runs would have been the supply for a couple of weeks.

Takes Considerable Stunt For that number of home runs to be made in a day simply means that the ball is lively and that the pitchers are not quite so good. However, one must not forget that the lively ball makes considerable stuff from the pitcher.

Delving into the dope, some interesting datum is uncovered, which tends to show the slates that batting has made in the last five years.

At the close of the 1917 season the average team batting average of the American league was .246. In 1921 it was .292. In the National league it was .249 five years ago, while in 1921 it was .299.

Five years ago there were 13 batsmen in the American league batting for percentages of .300 or better. In 1921, there are 13 batsmen were seven players that had gone to bat less than 100 times. So in reality there were really only six regular .300 or better hitters.

Last season 501 American league players batted .300 or better. At the present time there are about 40 in the .300 class.

Fans Like Slugging The lively ball is of course partly to blame, although the players must bear some of the burden for the free hitting that is now featuring major league baseball.

Slugging appears to have struck a popular chord with the fans. The attendance records prove they will like it. The big fear is that it will be overdone and react.

DOVER, Aug. 31.—(By the Associated Press) High winds and rough seas again have forced the American long distance swimmers to postpone their attempts to swim the English channel from Dover to France.

Henry Sullivan of Lowell, Mass., was to start today, but a heavy rain and a stiff west wind intervened. While there are prospects of favorable conditions within the next few days, they are not too good. All four of the Americans who have been in training here for some time—Sullivan, Charles Roth and Sam Richards of Boston, and Walter Patterson of Bridgeport, Conn.—are determined not to return home without essaying an effort to cross the channel. No matter how improving the conditions may be they told the Associated Press yesterday, they propose to try to duplicate the feat of T. W. Burgess and Capt. Matthew Webb, the only conquerors of the channel.

BOXER'S RIMS BROKEN PARIS, Aug. 31.—Examination by physicians of Ecolle Dubouché, French middleweight champion, who was defeated by Jack Walker, American fighter, last night, revealed that two ribs had been broken. His condition is serious.

## TWILIGHT GAME IN GRANITEVILLE

The Abbot playground in Graniteville will be the scene of another big twilight game this evening when the Lawrence Independents invade that town with a win over the strong Abbot Varsity baseball team as their objective. The Lawrence team has set up a remarkable record this season and counts victories over Salem and the North Cambridge K. of C. With Donovan and Duncan for a battery, the Abbot are sure of some stiff opposition. Davidson and Sullivan will work for the Abbot while the remainder of the regulars will be harried. As the Abbot play in Graniteville next Saturday, tonight's game will be the only one at home this week.

ENGLAND'S HOPE The Reg is the favorite among the four yachts entered by Great Britain for the races to be held for the British and. It is owned by Norman Clark-Snell.

## SARAZEN TO PLAY HERE

Sensational Young Golfer,

Will Appear at Local Club Next Thursday

Local lovers of golf are to be treated to another fine dish when Gene Sarazen, one of the most brilliant young golfers in the world, will appear in an exhibition match at the Longmeadow club, next Thursday afternoon.

This youth, he is but 21 years old, who hails from Pittsburgh has accomplished something no other golfer has ever done. He won both the amateur open and professional open championships within a month.

In fact it was at Chicago, in the national amateur open, that he gained fame by mowing down a field of the country's best stick welders from there he found time to enter the professional tourney and the result was the same.

The Pittsburgh wonder will be paired with Jim Hendry of the Nashua country club, the same Hendry who recently established a 71 record at the Longmeadow club. Opposing the combination will be old John Cowan of the Oakley country club and Havens, champion of the Island club of Haverhill.

Now is era of swat—can it be overdone?

BY BILLY EVANS

This certainly is the era of swat in baseball.

These experts who cling to the belief that home runs are a factor in baseball need only to consult the batting records.

Saturday, July 29, 1922, will live long in the baseball annals as a mute testimonial to the part that slugger now plays in the modern game.

On that day, the home runs were made in the American and National leagues, thereby piling up a new home-run record for the day in the minors, or any other league, for that matter.

Pittsburgh and Philly The National league played the more prominent part in the home-run festivity, making 44 circuit drives, of which 10 were on the credit of the Pittsburgh team and an equal number to the Phillies.

The American league was responsible for four of the 10 home runs. No single player in the American league contributed more than one home run. In the National, Henline of the Phillies and Ensey of Pittsburgh chalked up a pair.

Fifteen or 20 years ago 31 home runs would have been the supply for a couple of weeks.

Takes Considerable Stunt For that number of home runs to be made in a day simply means that the ball is lively and that the pitchers are not quite so good. However, one must not forget that the lively ball makes considerable stuff from the pitcher.

Delving into the dope, some interesting datum is uncovered, which tends to show the slates that batting has made in the last five years.

## Another Arrest in Bergen Murder Case

EDGEWATER, N. J., Aug. 31.—Charles Scullion, brother of Mrs. George Cline, whose husband is held for the murder of John Bergen, motion picture daredevil, was arrested by Bergen county authorities today on a charge of murder.

Witnesses of the slaying assert Scullion was present at the Cline home at the time Bergen was shot, and that he procured for Cline the pistol with which the shooting was done.

Scullion, who was arrested at his home next door to that of the Cline, was taken before police Judge Moore and entered a plea of not guilty. He was held without bail.

Following the arraignment, the prisoner was taken to Prosecutor Hart's office where he was questioned at length by the prosecutor, police and detectives.

Cline, who admits the slaying of Bergen, claims he shot when Bergen suddenly attacked him as they were on their way upstairs to the Cline home to fight a pistol duel to which

## BREAK CAMP AT DEVENS 17 OF 320 ON SHIP SAVED

Entire Body Paraded Before Gen. Edwards Yesterday—Medals Presented

CAMP DEVENS, Aug. 31.—Preparations for breaking the camp of the 3000 New England youths who have been undergoing military training under the tutelage of the regular army officers for the past month have been completed, and the first groups will get away from Ayer today.

The entire body of men making up the citizens' military training camp of 1922 paraded yesterday for a last review before Gen. Edwards and members of the county committee of the military training camp association of New England.

One hundred and thirty-eight medals were bestowed among the men by Gen. Edwards for excellence in military affairs and sports. In a short address to the men, Gen. Edwards admitted that he would soon retire, but said he would be on hand at next year's camp in long trousers provided he could obtain permission. He was accorded a long cheer.

## PLANS WAY TO AVERT CROSSING MISHAPS

AUGUSTA, Me., Aug. 31.—The suggestion that frenzied might give way to calm in the crossing of the Maine Central and the Maine Central yesterday in the findings on the accident at Unity on Sunday morning, July 16, when six persons were killed by a special Maine Central train carrying Camp Devens soldiers, was made by the Maine Central committee on the accident at Unity on Sunday morning, July 16, when six persons were killed by a special Maine Central train carrying Camp Devens soldiers.

The committee recommended that the speed of all trains when passing over the crossing at times when it is not protected by a flagman be reduced to not exceeding six miles an hour. The victims were Earl L. Varney, driver of the car, his wife and young daughter and Lawrence Harrell of Burnham, Miss. Charles L. Hinkle of Sweden, and Miss Margaret L. Marshall of Chelsea, Mass. The only other occupant of the car was a two-year-old child, who escaped unhurt.

## MINE UNION OFFICIALS ACCEPT PEACE PLAN

WASHINGTON, Aug. 31.—(By the Associated Press) Mine union officials meeting with the executive committee of the anthracite strike settlement proposal advanced as a result of Friday night's conferences here, according to reports received today in official circles in the outcrop.

The reports reaching here strengthened hope that the operators also would consent to the settlement plan before the day was over.

During the day several officials who have taken an active part in the latest peace overtures to end the anthracite strike, including Senators Pepper and Reed of Pennsylvania, were in communication with Philadelphia by telephone and they all were optimistic this afternoon over the outlook.

The two Pennsylvania senators jointly authorized the statement that in their opinion "nothing has developed" to impair confidence in a settlement.

## FINDS TALCOTT ENDED LIFE WHILE INSANE

CHICAGO, Aug. 31.—A coroner's jury today returned a verdict that W. W. Talcott, whose body was taken from Lake Michigan yesterday, had committed suicide while temporarily insane.

The widow, Mrs. Shirley Talcott, was present, but did not testify. She asked to be excused. A. J. Moore, self-styled "home healer" among whose followers Mrs. Talcott had been enrolled, did not appear to testify.

Talcott, the police believed drowned himself after unsuccessful efforts to induce his wife to give up her work at Moore's life institute.

## RECEIVERSHIP RELIEF FROM STRIKE TROUBLES

CHICAGO, Aug. 31.—(By the Associated Press) The receivership of the Chicago and Alton railroad filed yesterday in federal district court, was viewed today by a high federal official in close touch with railroad affairs as one means of relief from strike troubles. It would place the road under federal supervision, this official pointed out.

**Cuticura Talcum is Fragrant and Very Healthful**

## STOCK MARKET

NEW YORK, Aug. 31.—Initial dealings were characterized by a series of confused fluctuations. The unexpected reversion of the Chicago and Alton railroad took the edge of the recent bullish enthusiasm and there was an inclination to take profits in spots. However, the advance movement was not definitely checked, some of the oil, public utilities and miscellaneous industrials rising strongly. California Petroleum advanced two points and Famous Players, DuPont Powder, United Retail Stores, Twin City Rapid Transit and Atlantic Petroleum 1 to 1/2.

The opening transactions in Chicago and Alton were 5000 shares at 3, with later transactions at 2 1/2, indicating an overnight rise of 1/2 point. No transactions occurred in either the 3 or 3 1/2 per cent bonds in the first 30 minutes of business.

Rapid bidding up of Mexican Petroleum to a level more than 10 points above its lowest of the day revived the lagging spirits of the bulls and there was a rush to buy for both accounts which carried some of the popular shares to new high levels for the year. The closing was strong.

**Cotton Market**  
NEW YORK, Aug. 31.—Cotton futures opened steady. October, 22.50; December, 22.50; January, 22.50; March, 22.50; May, 22.50.

Cotton futures closed barely steady. October, 22.45; December, 22.50; January, 22.45; March, 22.50; May, 22.45. Spot, quiet; middling, 22.70.

# LOWELL DISTRICT COURT—FITZGERALD RALLIES

Man Found Guilty of Larceny  
From Woman—Liquor and  
Other Cases

Candidate For Nomination  
For Governor Arraigns Re-  
publican Policies

Alfred Bergeron, who was arrested by Sargts. Dwyer and Kennedy yesterday afternoon, charged with the larceny of \$83 and a watch from Laura Lachapelle's room in a lodging-house on Chelmsford street, was arraigned in district court this morning. The defendant was found guilty on the evidence presented and the case was continued to next Tuesday for sentence. In the meantime the court suggested that Bergeron reflect on the case and make restitution.

Miss Lachapelle, through an interpreter, said that Bergeron was in her room last Sunday evening when she opened her suit case and that he saw the money and watch in the bag at that time. Tuesday evening she went to get the money and found that both watch and money were gone. She called in the police and they went to Bergeron's room in the same house and found a letter belonging to the girl in Bergeron's pocketbook. They also found a considerable sum of money in a box in the room. The letter testified that Bergeron showed him a large amount of money on last Tuesday afternoon and said that he had drawn \$100 from the bank.

In his own defense, Bergeron said that he could not explain how the woman's letter came to be in his pocketbook, other than that somebody put it there in order to throw the blame on him. He said that he received \$51 pay last Saturday, thus accounting for the money he had in his possession. As there was a discrepancy in the man's story as told on the stand this morning and as he told it to his friend on Tuesday, as the woman's letter had been found in his pocketbook and as he had seen the money in the suitcase, the court found him guilty.

Joseph W. Lescard and Myron Kaplan, charged with breaking and entering and larceny, were held over to next Monday for trial. The arrest of Sept. 6 in \$300 bond. The arrest of Sept. 6 in \$300 bond. The arrest of Sept. 6 in \$300 bond.

The cases of Joseph Zamarita, charged with larceny, and that of John Shumway, for assault and battery on Zamarita, were continued to Sept. 6. The arrest of Zamarita, charged with larceny, and that of John Shumway, for assault and battery on Zamarita, were continued to Sept. 6.

## HEARING ON CANDLER'S PETITION POSTPONED

ATLANTA, Ga., Aug. 31.—The hearing of Walter T. Candler's petition for cancellation of a note for \$25,000, held by Clyde K. Byfield, which Candler alleged was taken from him through a blackmail white man and the Byfields were en route to Europe, has been postponed indefinitely. It was held here.

The hearing, that of a series of legal battles brought about by the case, had been scheduled to come up tonight.

Mrs. Byfield's \$100,000 damage suit against Candler, charging him with causing her personal injuries when he is alleged to have fired her in his statement on the night of July 15, after a champagne party, was filed after Candler sought to have the note voided.

Candler's petition alleges that Byfield, upon finding him in Mrs. Byfield's state room, demanded \$25,000, threatening to expose him to the public, unless he gave him the check for the amount which, he alleges, he later reclaimed in \$25,000 with the note for \$25,000, payable in New York.

Medium brown hair looks best of all after a Golden Hair Shampoo—Adv. Messrs. Hugh McQueen and Arthur Higgins are back from bye beach after a pleasant sojourn of two weeks.

Mrs. G. L. Colman and daughter, Virginia, will return Sept. 6 from Havana beach, where they have been spending the greater part of the summer.

Mr. and Mrs. John McFadden and family are registered at "Trix Hotel" for the months of August and September.

Hon. John F. Fitzgerald, of Boston, candidate for the democratic gubernatorial nomination, for the state of Massachusetts, opened his campaign in Lowell with a convincing statement of facts before an appreciative audience of over 300 on the steps of city hall last night.

Mr. Fitzgerald was enthusiastically received and proceeded to give fact after fact why there should be a democrat occupying the governor's chair on Beacon hill in January, 1923, and why his name should be the Hon. John F. Fitzgerald. The highlights of his speech were the arraignment of the republican party for their attitude toward the mill strikes, the railroad strike, the coal strike, the balance of power that resided in the hands of the women voters; and his opinions.

In opening, Mr. Fitzgerald discussed the qualifications of his opponent, Joseph B. Ely, Esq., Hon. Peter F. Sullivan and Hon. Eugene F. Ross. He said that they were all friends of his and that he had been associated with each of them in different capacities and did not intend to say one word against their character. He said that the one factor that was detrimental to them was his own greater experience in governmental affairs.

He said that there are statutes on the law books written by his hand that have, during the past years, proven to be of the greatest help to the citizens. His record of thirty years in the public service, during six of which he was mayor of Boston, has never been challenged and it is as an open book for inspection today. He said that from Eugene F. Ross he should receive no consideration from the democratic party as he had deserted the party when it seemed to be losing its grip and joined with the republican party.

For receiving the support of his party's campaign, he refused to support the candidacy of Hon. David I. Walsh for the governor of the state and boldly announced that he was through with the democratic party and that the party itself had been through.

He said that it was impossible for the people to live with a 40 per cent party in the state which had such a step as entirely unbecoming as those corporations had plenty of money lying idle in their treasuries. The owners refused to show their books to the state board of audit when they were asked to do so and Governor Cox, whose duty it was to demand the inspection of these books, refused because he was in favor of these moneyed interests. The state of Massachusetts is 30 per cent industrial, he said, and the people who should have the say as to the conduct of state affairs, but they have been totally ignored by the present occupant of the governor's chair. He said it was the duty of the people to return Mr. Cox to private life and to elect such a man who would care for the interests and welfare of the working people.

The women, he said, are going to overturn the politics of the country with their votes because they know the harm that is being done to the decrease in wages. They are the ones, he said, who have to bear the burden of the decreased home budget, which has been cut so low that it is a hardship for the women to care for their families.

He also spoke of the position of the republican party in regard to the coal strike and denounced them for their stand. He recently wrote a letter to Governor Cox, asking him to call upon the man moving the state to gather together and utilize the millions of cords of wood that are lying idle throughout the state. He said that as yet he has received no answer from the governor, in denouncing the stand of the republican party in the industrial field.

Mr. Fitzgerald also addressed large gatherings at Worcester, Fitchburg and at the corner of Middle and Paige streets.

## DEATHS

ROBERTS.—Mrs. Mary Roberts died Tuesday night at the home of her daughter, Mrs. Clara West, 25 Girard street, Braintree, aged 85 years, 7 months and 17 days. She leaves two sons, Alfred B. of New York, N. Y., and Charles Roberts of Lowell; three daughters, Mrs. Elizabeth Foxcroft of Lowell, Mrs. Charles West of Braintree and one brother, Frank Murdoch of Dover, N. H.

MARCHAND.—Marie Blanche Ida Marchand, infant daughter of Mr. and Mrs. Emil Marchand, died yesterday at the home of her parents, 415 Moody st., aged 14 days.

FERGUSON.—Mrs. Eleanor E. Ferguson, a resident of this city most of her life, passed away early this morning at her home, 595 School street, at the age of 62 years, 3 months and 4 days. She is survived by one son, Harold D. Ferguson of Jacksonville, N. J., and a daughter, Mrs. Samuel A. McPherson of Wintthrop, Mass., one brother, William C. Monroe; two sisters, Mrs. John A. Wilson and Mrs. Amanda Moore of this city; six grandchildren and several nieces and nephews.

QUELETTE.—Joseph Quelette died last night at his home, 41 Ward street, aged 62 years. He leaves his wife, six sisters, Rev. Sister Partridge, Rev. Sister Sirolo, Rev. Sister Quelette, Sister Arlene, Rev. Sister Josephine Langue and Mrs. Elsie Quelette, all of Canada, and two brothers, Charles and Philip Quelette, of Lawrence.

BRANNEN.—Miss Elizabeth Brannen died this morning at the Lowell hospital. The body was removed to the funeral parlors of Charles H. Molloy, Sons and left to the home of her friend, Mrs. Elsie Baily, 25 Cornhill street. Deceased was a well known and active member of St. Michael's church. She leaves one brother, Michael Brannen of Pittsburgh, Penn., and one niece, Mrs. Daniel Hoggan, of Haverhill, N. Y. Funeral notice later.

COTE.—Mrs. Valerie Cote died this morning at the Lowell Corporation hospital, aged 61 years. She leaves her husband, Joseph E. Cote, three daughters, Alice, Ida and Bernadette, and two sons, Henry and Luke. She was a member of the Third Order of St. Francis and St. Anne's society of St. Joseph's parish. The body was removed to her home, 104 St. Joseph's parish.

REQUIEM MASS.—There will be a requiem mass at St. Patrick's church Saturday morning at 8 o'clock for the repose of the soul of Michael McParland.

Branch place, by Funeral Director Joseph Albert.

DAIGNAULT.—Mrs. Marie Daignault, wife of Hubert Daignault, died this morning at her home, 12 Common street, aged 65 years. She leaves three daughters, Mrs. Hubert Reed of Boston, Miss Bertha Daignault and Mrs. Cecile Mulholland; three sons, George, Paul and Antoine Daignault; two sisters, Mrs. Louise Vincent and Mrs. Georgiana Blais, the three latter of Canada; two brothers, Henri and Alfred Daignault; and St. Anne's society of St. Joseph's parish.

Branch place, by Funeral Director Joseph Albert.

WESCOTT.—The funeral services of Robert E. Wescott were held yesterday afternoon at Saunders' funeral parlors, 217 Appleton street, and were largely attended. Pentucket lodge, A. F. & M., was represented by Gerfield A. Davis, president; Percy J. Wilbur, S.W.; Willard A. Parker, J.W.; Rev. Appleton Grannis, chaplain; Allan Fraser, J.D., and James Hunt, master. Rev. Appleton Grannis, pastor of St. Anne's Episcopal church, officiated. There was appropriate singing by the Mendelssohn male quartet.

# LOCAL TEXTILE STRIKES WORKMEN BURIED ALIVE

President of United Textile  
Workers of America  
Will Speak Here

Two Employes of Construc-  
tion Company Caught in  
Landslide in First Street

President Thomas F. McMahon of the United Textile Workers of America will come to this city next Tuesday afternoon and will address the strikers at an open meeting in Trades @ Labor hall in Central street. He will talk on the textile strikes in New England.

Mr. McMahon had first planned to come to Lowell Monday afternoon, but on account of Labor day he was forced to postpone his visit until the following day. John Hanley, chairman of the local strike committee, and Organizer Thomas A. Regan of the U. T. W. of A. went to Pawtucket, R. I. Tuesday afternoon and conferred with President McMahon on strike conditions in this city. The textile difficulties were discussed from every angle and there was also some talk on the probabilities of a settlement in Lowell and other places similar to that effected in Lawrence.

Mr. Hanley stated today that he is very optimistic relative to an early settlement, and in fact he believes that the visit of Robert M. McWade, U. S. conciliation commissioner for the department of labor at Washington, in this city late Tuesday, will have a great bearing upon an early settlement of the strikes at the Hamilton Mfg. Co., the Day State Cotton Corp., the Massachusetts, the Merrimack Mfg. Co., and the Columbia Textile Co. Mr. McWade after securing data from the strike leaders visited every mill affected by a strike and conferred either with the agent or his representative. The outcome of his visit, however, will not be known for some time, but after his tour of the mills the visitor left for other textile centers and later on he will make a report of the situation at Washington.

A meeting of the strategy boards of the textile strikers of New England was held yesterday at Dover, N. H., and was attended by John Hanley and Edward B. Sullivan of the local strike committee. Matters of great importance were brought to the attention of the board and action concerning an early settlement of the remaining strikes was taken, but nothing was given for publication.

Three young women connected with the local strike left this morning for Clinton, where they will take up their weekly collection from the mill operators of that city for the benefit of the strikers.

By the above named officers of Pontiac lodge.

FULLER.—The funeral services of Frederick A. Fuller were held yesterday afternoon at Saunders' funeral parlors, 217 Appleton street, and were largely attended. Rev. Karl P. Metator, pastor of the Centralville Methodist church, officiated. There was appropriate singing by Mrs. Arthur J. Lawrence. There were many floral tributes. The bearers were Mrs. L. Fuller, Hayes E. Gorton and Edward Lealand. Burial took place in the family lot in the Mason cemetery, where the committal service was read by Rev. Mr. Metator. The funeral arrangements were in charge of Undertaker William H. Saunders.

HUGHES.—The funeral of Charles E. Hughes, infant son of Harry and Jean Hughes, took place yesterday from Saunders' funeral home, 217 Appleton street. The funeral services were conducted by Rev. John Singleton, pastor of the Lawrence Street Primitive Methodist church. Burial was in the family lot in the Edison cemetery at East Land. The funeral arrangements were in charge of Undertaker William H. Saunders.

FOX.—The funeral of Mrs. Ellen Fox took place this morning at Saunders' funeral parlors, 217 Appleton street, and were largely attended. Pentucket lodge, A. F. & M., was represented by Gerfield A. Davis, president; Percy J. Wilbur, S.W.; Willard A. Parker, J.W.; Rev. Appleton Grannis, chaplain; Allan Fraser, J.D., and James Hunt, master. Rev. Appleton Grannis, pastor of St. Anne's Episcopal church, officiated. There was appropriate singing by the Mendelssohn male quartet.

Buried alive in a landslide while working on the First street boulevard yesterday afternoon, necessitating the removal to St. John's hospital, Martin Sullivan and William Hogan.

Both are employed by the P. O. Brothers Construction company, who were working with the early shift gang directly under a large pile of earth. With little warning, a landslide occurred, burying the two under tons of earth. A third man, caught by the slide but managing to extricate himself.

Other workmen ran to the assistance of their buried companions, but it was not until after five minutes of digging and shoveling they were able to extricate them. A hurried ambulance and the men were taken to the hospital.

Hogan, whose home is in Charlestown, appeared in the morning, badly injured of the two. His complaints of pains in his side and other places, did not appear to be injured, and probably was able to stand the shock owing to his youth as compared with Hogan, Sullivan is about 40 while his companion is nearly 20 years older.

## STREET DEPARTMENT HAS BUSY PROGRAM

A gang of men from the street department will be put at work tonight on Bridge street between the Massachusetts and Boott mills doing work on the railroad track section of the street, which, it is believed, will do away with a water nuisance that has been giving trouble there for some time. It is expected the work will be completed by Labor day.

The work of putting a layer of asphalt over the Central bridge will be started on Thursday of next week and an attempt will be made to rush the work through in short order.

Sheet asphalt will be laid on Main street from Fourth to Eighth avenues in a short time. This street railway has just finished the installation of new rails in that section and the street department wishes to complete its end of the work.

The work on Pine street will be completed in a short while now, and the department wishes to complete there will be put on a job near the Sixth street pumping station.

Work on Moore street has been finished and the street will be opened to the public by next Tuesday. The workmen have left the job but it is necessary that the road be kept closed in order that vehicular traffic will not spoil the new surface.

Brown street is in the process of reconstruction and will be completed in time for the dedication of the Memorial Auditorium. The street is being graded new catch basins installed and equestones laid.

Other work has been outlined by the department but its undertaking will depend a great deal upon the weather and other circumstances.

## BLOODY REVOLUTION IN ODESSA REPORTED

LONDON, Aug. 31.—(By the Associated Press)—A dispatch to the Daily Mail from Berlin says a report has been received in the German capital that the Odessa soviet has purged itself of Bolsheviks, proclaimed its independence of Moscow, and called upon all citizens to "unite against the communist usurpers."

The report alleges that the whole of South Russia has joined with Odessa, and that the revolution has been attended by bloody encounters.
